Johnny Ace, whose Duke version of "The Clock" is his third hit in a row, is pictured here receiving a gold clock from George Miller, president of the Music Operators of America. The clock was presented on behalf of the nation's juke box operators honoring Johnny for the three hits which together have sold over a million records. The first two were "My Song" and "Cross My Heart". Left to right above are: Bob Chatton of Chatton Distributing in Oakland, Calif.; Irv Marcus, national sales manager of Duke and Peacock Records; Johnny Ace; Dan Shea of Operators' Record Service in San Francisco; George Miller, president of MOA; Irv Shorten of Allied Distributing in Los Angeles; and Don D. SHEET MUSIC MERCHANDISING Is Still in the Horse And Buggy Stage

The record business is booming . . . but sheet music sales are declining fast.

Publishers advance many reasons for diminishing sales which sheet music has been having in the past several years. They claim people are less interested in playing musical instruments; entertainment in the home today centers around the TV set, radio and phonographs instead of around the piano as it formerly did; pianos have become so expensive that they have been priced out of range of most families. And these are just a few of the reasons which have been discussed.

But it seems to us that the real reason for the decline in sheet music is that it is still being merchandised in the same way that it was twenty years ago.

The record business, in which sales are at a peak, has in recent years adopted all sorts of merchandising methods. It has been brought up to date. Incentives for the sale of records have been made available to the people who sell them. Promotion to juke box operators and disk jockeys, the two main sources through which records are exposed to the buying public, has increased tremendously.

In short, the entire method of marketing records has been overhauled.

Unfortunately, the same cannot be said for the method of marketing sheet music.

Publishers have been so busy concentrating on records, which has become the

all-important factor in the music business, that they have neglected to keep sheet music merchandising up to date. And though every publisher knows, you can't have a sheet music hit without a record hit, by the same token, there's very little profit in a song unless it sells a good amount of sheet music.

Comparing notes with a top publisher recently, we found that whereas two years ago when he had a million record seller, he sold 800,000 copies of sheet music, when he had another million record seller just recently, he sold only 300,000 copies of sheet music. That's a decline of more than 60% in a two year period.

Alarming as that decline is, nothing has been done about it.

There's no doubt that the reasons which publishers give for the falling off of sheet music sales are valid ones. But that doesn't mean that they should be accepted in defeat. These causes should be attacked—and attacked vigorously. They should be fought with all the accumulated knowledge, energy and know-how which the men who comprise this music business possess.

Certainly among these men, who have given this nation the great songs which it enjoys, there are those who have the foresight, knowledge and means to save a major aspect of their business.

So come on boys. Start thinking. This is 1953. Get sheet music merchandising out of the horse and buggy stage.

Dear Friends:

Sure hope all you wonderful DJs, Juke Box Operators, One-Stops, and Record Dealers like Al's new records as much as we do. We are kind of proud of him—not only as our lead singer, but as a great soloist. It took us 2 years to convince him to make a solo record, and we finally succeeded. We know you'll agree the record proves we were right. Be seeing you real soon.

Shel Horton (WHUN-Huntingdon, Pa.) spending two weeks down Nashville way. Shel was featured as "Mr. Dee Jay, U. S. A." on WSM Friday, September 18. . . . Mort Nusbaum (WHAM-Rochester, N. Y.) back on the job after a summer vacation. Mort has started a new show from 2 to 3 p. m., Monday thru Friday, called "Off The Record." Show will highlight the newest in records. . . . An incidental publicity plug by Tiny Markle (WAYZ, N. H.) and Barry Kaye (WJAS-Pittsburgh, Pa.) in which the pair advised listeners to write in if they wanted a picture of Bob Manning, Capitol Record artist, started what could develop into a real promotion. Response amazed all concerned as over 2500 cards swamped the two jocks. As a result, Dick Gersh, handling publicity for Manning, is going in for a large scale printing of the young singer's photo. Any one interested can drop Dick a line at the Brill Building, New York City.

Pic of the week—Lee Leonard (WLOW-Norfolk, Va.) has a special feature on his afternoon show which he calls "Tops In Pops." Lee plays the top twenty tunes according to The Cash Box listings. Lee also has a 10 to 12 air stint called "Leonard's Den." . . . Jockey Jim O'Hara in Milwaukee has created such a tremendous call for Fred Waring's record of "Collegiate" from the RCA Victor catalog that the diskery has decided to re-release the original. Aesthetically, the sound is old-fashioned but Joe Carleton, Victor A & R head, feels the reaction is for the particular styling and a new version might not satisfy the kids. . . . Chuck Thompson (WFOR-Hattiesburg, Miss.) tells of a fan club to end all fan clubs. Chuck's early morning record show features a real crowing bantam rooster named Elmer. After about 600 broadcasts, Elmer now has his own fan club. Club members are pets of boys and girls in the radio audience. Chuck invites all animals to join. . . . Ronnie McCoy (KFEL-Denver, Colo.) chief announcer since 1949, will air a fast moving program of music, time of the morning, temperature and weather comment. The show will be titled "Morning With McCoy" and will be scheduled from 7 to 9 a. m. across the board. The venture is KFEL'S first top featured early morning disk jockey show.

Jim Ameche's popular Teen Age Guest Disk Jockey Show will welcome high school students from all over the Chicago area on Saturday mornings on station WJJD-Chicago, Ill. Jim says, "Teen agers can often sense the potential in a new record faster than more experienced people in the field. Time after time during the past year, a song that was first played on the Teen Age Show zoomed to the top of the national lists weeks later." Brad Lacey, now with WTSJ-Hanover, N. H., began his "Brad Lacey's Record Party" on September 21. Brad asks that his friends in the record companies take note of his change of address and send him their latest releases. . . . Joe Deane's debut at KQV-Pittsburgh, Pa., drew a barrage of telegrams and telephone calls. Among them was a recording of their well wishes with a set of clever original lyrics.

ⓐ MEDIOCRE

BONNIE LOU
(King 1272; 45-1272)

ⓑ "PA-PAYA MAMA" (2:12)
[Sheldon BMI—Sandler, Coleman, Gimbel] The pert voiced Bonnie Lou sends up one of her best jobs to date in a catchy ranchero novelty. Thrush stands a good chance of garnering top honors in both the pop and western field.

ⓑ "SINCE YOU SAID GOODBYE" (2:57)
[Comet BMI—N. Fairchild] A tender heartbroken number gets a sentimental multiply fashioning from Bonnie. Looks big.

GUY MITCHELL
(Columbia 40077; 4-40077)

ⓑ "SIPPIN' SODA" (2:30) [Holmes BMI—F. Campbell] The peppy melody that everyone has sung at one time or another gets its lyrics re-vamped and comes out with life and color by Guy. Children's chorus adds color to deck.

ⓑ "STROLLIN' BLUES" (2:50)
[Montclare BMI—Dehr, F. Miller, Giklyson] A harmonic offers an effective backdrop for a bluesy slow item that comes over ok. Top deck has the stuff.

MARGARITA BENITEZ
(Tico 202; 45-202)

ⓑ "MAN LOVE WOMAN" (2:15)
[Straughn, Benitez] Vin Strong and his Panamericans back lively Margarita as she runs through a quick beat calypso ditty. Number should meet with the Latin folks' fancy.

ⓑ "ESTRANO" (2:14) [High-smitt, Benitez] The organ stands out in the backdrop as the thrush sings a fast moving samba item in Spanish. Plenty of rhythm and good listening.

BUDDY MORROW ORCH.
(RCA Victor 20-5466; 47-5466)

ⓑ "RE-ENLISTMENT BLUES" (2:46)
[Barton ASCAP—Jones, Wells, Karger] Frankie Lester does a sensational blues vocal on a great tune from the movie hit "From Here To Eternity." Buddy Morrow's mute trumpet backing is tops. Looks like Buddy will have another biggie in this one.

ⓑ "QUARTER TO TWELVE" (3:02)
[Arc BMI—L. Walter] A short talking introduction goes into a solid instrumental number from the R & B field. Good material.

DEAN MARTIN
(Capitol 2589; F-2589)

ⓑ "THAT'S AMORE" (3:07)
[Paramount ASCAP—Brooks, Warren] From his latest picture, "The Caddy" with Jerry Lewis comes this novel ditty with an Italian flavor that Dean offers so well. One of his best jobs to date:

ⓑ "YOU'RE THE RIGHT ONE" (3:10)
[Paramount ASCAP—Brooks, Warren] On this end the vocalist offers another tune from the same flicker but in the romantic vein. A real smooth job. Sounds good.

THE CASE BOX DISK OF THE WEEK

"LAUGHING ON THE OUTSIDE" (2:45)

[Broadcast Music BMI—Raleigh, Wayne]

"I'VE BEEN WAITING A LIFETIME" (2:56)

[Signet BMI—Doninquez, Alberts]

FOUR ACES featuring AL ALBERTS

(Decca 28843; 9-28843)

FOUR ACES

● The Four Aces have hit on a song that should carry them right up to the peak once again. Since

their start in the music world, the Aces have done sensational jobs with standards. Now the boys take hold of one of the most beautiful of all the oldies and give it their vibrant vocal treatment that labels it a hit. The tune is "Laughing On The Outside" and features the voice of Al Alberts in the lead. They put a load of feeling and rhythm into this terrific rendition that has an overall excellence in every groove. "I've Been Waiting A Lifetime" is another romantic number tenderly treated by the crew. The luring backdrop adds much to the top grade reading. Each side is hit material, but we look for the upper portion to be the big one.

"SWAMP-FIRE" (2:29)

[Luz Bros. ASCAP—H. Mooney]

"WHEN MY DREAMBOAT COMES HOME" (2:18)

[M. Witmark ASCAP—Friend, Franklin]

KAY STARR

(Capitol 2595; F-2595)

KAY STARR

● One of pop music's most versatile artists, Kay Starr comes up with a new deck that should be right up at the top in no time flat. After a most successful run with

two great sides in "Allez Vous En" and "Half A Photograph," the vibrant thrush changes the pace and comes through with a belted platter. "Swamp-fire" is a rousing jump piece that features Kay singing right from the toes. Everything she's got goes into this side. The number builds and has a quality that should have every juke box rocking. We feel it's one of the chirp's greatest jobs. Equally sensational is the spirited backing supplied by the Dave Cavanaugh band. The crew does a great deal for the vocal. "When My Dreamboat Comes Home" is another top notch side for Kay with a march tempo backing. We favor the top half and look for flip to make a strong showing too.

RALPH MARGERIE &
RUSTY DRAPER
(Mercury 70221; 70221 x 45)

ⓑ "LAZY RIVER" (2:45) [Peer Inter] BMI—Carmichael, Arodin] The versatile Rusty Draper joins Ralph Margerie and the ork on a great oldie that results in some top class listening. Looks like a hit. Tremendous arrangement.

ⓑ "WARSAW CONCERTO" (3:00)
[Chappell ASCAP—Addinsell] Ralph offers some sweet trumpeting on an ever pleasing pop-classic and blends into a jump rhythm that should have his fans throwing coins into the boxes. Real sock.

BOB MANNING
(Capitol 2587; F-2587)

ⓑ "IT'S EASY TO REMEMBER" (2:47) [Fame BMI—Wayne, Gilbert] Monty Kelly offers a lush arrangement for Bob Manning's top flight vocal job on a beautiful old ballad. Should be bigger than "Nearness Of You."

ⓑ "I FEEL SO MMMM" (3:06)
[Hill & Range BMI—Wayne, Gilbert] The balladeer sends up a sexy crooning item that should meet with the girls' fancy. It's a good coupling for the boxes.

SPIKE JONES ORCH.
(RCA Victor 20-5472; 47-5472)

ⓑ "DRAGNET" (3:16) [Alamo ASCAP—W. Schumann] Spike Jones throws his hat into the ring with a comical delivery based on the "Dragnet" TV show. Will be better sales wise than in the boxes. Humorous as expected.

ⓑ "PAL-YAT-CHIE" (3:20)
[Lindley ASCAP—Maxwell, Jones] Homer & Jethro handle the vocal chores with Spike's ork as they tell about their experience of visiting the opera house. Country artists are comical as is the gimmicked up Jones backing.

RICHARD HAYES
(Mercury 70215; 70215 x 45)

ⓑ "MOONLIGHT" (2:10) [Mills ASCAP—C. Conrad] With a whistle in the backdrop and a lively arrangement by Dave Carroll and the Halloran Singers, Richard Hayes sails through a bouncy ditty. Catchy. Should make noise.

ⓑ "LONELY" (2:43) [Bregman, Vocco & Conn ASCAP—Davis, Murray] On this end the vocalist gives out with a tender reading of a sentimental item. Dick sings with a load of emotion.

IRENE VALENCIA
(Seeco 7319; 45-7319)

ⓑ "POSDATA" (2:24) [La Salle ASCAP—Mercer, Jenkins] Rene Touze's ork accompanies Irene Valencia on a Spanish rendition of a pop hit "P.S. I Love You." Pretty voice and proven material.

ⓑ "ESO ES AMOR" (2:30) [Williamson ASCAP—Rodgers, Hammerstein II] The Latin thrush offers another Spanish reading of a pop hit, this one labeled "No Other Love." Should enjoy a good sale.

B+ "CUP OF JOY" (2:38) [Peer Inter'l BMI—Reid Altman] The brilliant voice of Danny Sutton gets a perfect bolero showcasing from the Noro Morales ork on a lovely song that could click for the lad. Big future for Dan.

SANDY SOLO
(Derby 832; 45-832)

B "THERE I GO" (2:07) [Broadcast Music BMI—Weiser, Zaret] Sandy Solo wends his way through an interesting love song that was a smash some years back. His hushed style is intriguing. The style gets you for.

B "YOU TURNED THE TABLES ON ME" (2:04) [Sam Fox ASCAP—Mitchell, Alter] Sandy gets an up tempo backing from the ork and follows with another standard that could happen again. Should draw spins in the boxes.

TWO DEBS N' A DATE &
STEVE ANDREWS
(Cammarota 77; 45-27)

B "HOW I'D LIKE TO BE IN CAROLINA" (2:22) [Cammarota BMI—J., Cammarota] Andy Samella's Combo backs Two Debs N' A Date on a soft and pleasing ballad set to a slow waltz tempo. Number has that loveable old fashioned feeling.

C "MY HOME ON THE PRAIRIE" (2:24) [Cammarota BMI—J., Cammarota] With a guitar in the backdrop Steve Andrews offers a vocal styling of country flavored number. Sentimental item that should go well in the right spots.

TEX BENEKE ORCH.
(Coral 61058; 9-61058)

B "DANNY'S HIDEAWAY" (2:34) [Sherwin ASCAP—Steph, Mellin] Tex Beneke leads his ork through a jump item on which he also handles the vocal. Exciting piece that could click. Solid saxing by Tex.

C "MR. PEEPERS" (2:22) [Hollis BMI—B. Green] The lively theme music from Wally Cox's show is given a rhythmic jump treatment, by the crew, that should get spins. The band sounds terrific.

JOAN REÇAN
(London 1372; 45-1372)

C "RAG-A-BONE MAN" [Morton, Reine] A pretty swaying waltz with an inviting country flavor is given a multiple voiced treatment by the thrush. An ok number with a pleasing lilt.

C "THE LONG WAY" J. Hill] Roland Shaw's ork supplies Joan with another lush accompaniment as she offers a tender love song with flavor. Slow waltz item sounds as if it has a country music origin.

THE CASE BOX SLEEPER OF THE WEEK

"IN THE MISSION OF ST. AUGUSTINE" (2:47)

[Republic BMI—Chiarelli]

"WRITE AND TELL ME WHY" (2:27) [Valley BMI—Glenn]

THE ORIOLES
(Jubilee 5127; 45-5127)

THE ORIOLES

● For many years the Orioles have been a top vocal group in the rhythm and blues field. A few months ago when "Crying In The Chapel" started on its way to the

top, the Orioles came up with a recording of the tune that has now become a tremendous seller in the pop market as well as a number one song on the blues charts. Now the boys offer another pretty ballad with a similar theme to "Chapel" labelled "In The Mission Of St. Augustine". It features the group with a demonstration of some warm and polished harmony. Carrying the lead, in such an impressive fashion, is the dream dusted voice of Sonny Til. The tune has a great deal of emotion which the Orioles portray perfectly. Flip is another sentimental love song with more of a blues flavor to it tagged, "Write And Tell Me Why". Keep an eye on the "Mission" half. It looks like a big one.

ANDREW WIDEMAN
(Jubilee 5126; 45-5126)

B "PIGTAILS" (2:38) [Benell BMI—J., Bennings] The exciting voice of Andrew Wideman of TV's "Star Time" show comes up with a forceful interpretation of a good song Number is good and could make some noise.

B "FINE AND DANDY" (2:42) [Harms ASCAP—James, Swift] The vibrant quality of the lad's voice steps out on this end as he slowly treats a great oldie. He belts the number with a blues feeling.

BILLY ECKSTINE
(MGM 11587; K-11587)

B "FORTUNE TELLING CARDS" (2:00) [Valando ASCAP—Benjamin, Weiss] The McCoy and Gordon Singers supply a lovely choral setting for Billy's stylish and romantic vocal on a tender love song.

C "I'M SAVING MY DREAMS FOR A RAINY DAY" (3:02) [Bregman, Vocco & Conn ASCAP—Roderick, Conn, Houston] Nelson Riddle and the chorus back Billy on another ballad that he delivers with warmth.

PAUL WINCHELL &
JERRY MAHONEY
(Mercury 70229; 70229 x 45)

B "A WOMAN IS STRANGE" (2:38) [Hollis BMI—L. Clinton] Popular ventriloquist Paul Winchell sings with his dummy Jerry Mahoney on a slow waltz novelty with a terrific set of lyrics. Cute and amusing. Travelers assist vocally.

C "FRIENDLY POLKA" (2:00) [Standish ASCAP—Burton, Gart] The team happily glides over a lively polka item that should go well with the kids. Full of pep and color.

MCDONALD SISTERS
(Dele 1800; 45-1800)

B "LOVE LIVES FOR EVERMORE" (2:20) [Muse BMI—Wilson, Fouchi] A pretty ballad is softly styled by the sweet voices of the McDonald Sisters as the orking is offered by Jack Stern and his boys.

C "SNOW WHITE BLOSSOMS" (2:14) [Rondo BMI—H. Priehard] Another tender backdrop is set up for the thrushes as they caress the slow waltz item in harmonious fashion. Pleasing listening.

BOB HAYMES &
JIMMY CARROLL'S ORCH.
(Bell 1005; 45-1005)

C "WITH THESE HANDS" (2:45) [Ben Bloom ASCAP—Silver, Davis] A current hit platter gets some smooth coverage by the round and pleasing voice of Bob Haymes as Jimmy Carroll and the ork assist.

C "NO OTHER LOVE" (2:46) [Williamson ASC—Rodgers, Hammerstein II] Another current pop success gets a pretty treatment from the vocalist. Latin backing is subdued and adds to the color of the side.

FELICIA SANDERS
(Columbia 40085; 4-40085)

B+ "EMBRASSE" (3:21) [Walt Disney ASCAP—Connet, Driscoll, Durand] The thrush who helped make "Moulin Rouge" a hit, Felicia Sanders, get another top grade assist from Percy Faith on a romantic French flavored ballad.

B "MELAN COLIE" (3:14) [Southern ASCAP—Blake, Duda, Roman] More of the same top quality vocal styling is offered with softness by Felicia. Plenty of feeling on another French flavored tune.

CLARK CURTIS
(Mars 1001; 45-1001)

C "I'M THROUGH WITH LOVE" (2:49) [Robbins ASC—Kahn, Malneck, Livingston] A lovely tune is romantically fashioned by the warm voice of Clark. Number made some noise not too long ago and could be big again.

C "IT JUST ISN'T HOME WITHOUT YOU" (2:36) [Cromwell ASC—David, Freeman] Another pretty love number sung in the heart broken manner comm through with a bundle of feeling as delivered by the artist.

CHRIS MARTIN
(Smart 355; 45-355)

C "ALWAYS IN MY HEART" (3:03) [ASCAP—Gannon, Lecun] A wonderful oldie gets a unusual and impressive backing from Buddy Du Fault's ork as a perfect showcase for a top quality job by Chris Martin. The way Chris does it, song could make a comeback.

C "SIX BUZZARD FEATHERS AND A MOCKINGBIRD'S TAIL" (2:49) [ASC—Large, Vidacovich, MacNamara] An odd backing for an unusual number to a waltz like tempo is presented by Chris. Very different.

IRENE CARLTON &
BILL HARRINGTON
(Maestro 4037; 45-4037)

C "ECHOING MOUNTAINS AND WHISPERING TREES" (2:55) [Lincoln ASCAP—Davis, Silver] The Woodside Sisters accompany the smooth vocal of Irene Carlton as she dishes up a pretty waltz number. Inviting delivery.

C "CALL OF THE RANGE" (2:40) [Bromaur ASCAP—Shapiro, Feyn] Bill Harrington sounds lonely and depressed as he sentimentally sings of the range. Clacking of hoofs in the background adds to the inviting side.

DOUG DUKE TRIO
(Savoy 1108; 45-1108)

B "IF LOVE IS GOOD TO ME" (2:31) [Redd Evans ASCAP—Evans, Steelman] A beatty organ styling of a beautiful tune that's bidding for hit honors is presented by Doug and the combo. Slow number blends into a solid jumper.

C "SONG OF INDIA" (2:28) [Crossroads BMI—Rimsky-Korsakov] A great tune that has been done with almost every instrument available, gets a jolting treatment from the organ from the Duke. Real rhythmic.

JACK PLEIS ORCH.
(Decca 28874; 9-28874)

B "THE 18th VARIATION" (3:03) [Charles Foley ASCAP—Rachmaninoff] The lovely theme music from the Wally Cox picture, "A Story Of Three Loves" is given a lush and flowing treatment by Jack Pleis and his ork. Number is clicking.

C "MR. PEEPERS" (2:14) [Hollis BMI—B. Green] More popular theme music, this from the Wally Cox "Mr. Peepers" TV program, is presented with life by the Pleis crew. A catchy melody that could happen.

From me...

to you

COMPOSERS' AND AUTHORS' COMMITTEE FOR SUPPORT OF S. 1106
120 Broadway, New York, N.Y.

Dear Mr. Music Machine Operator:

You and I are in the same business. I write songs -- you play them in juke boxes. Both of us are trying our best to entertain the public.

But there's one big difference between us. You get paid for bringing your customers the music they want to hear. I get nothing -- even when it's my songs your customers pay to listen to.

I got to thinking this over the other day. Then I decided to sit down and write you a letter -- from me to you.

Because you and I are in the same business of trying to please the public, our interests are the same. I want you to make more money. You want me to go on writing songs.

Let's get together.

I already have a big investment in your business -- my songs, which cost you nothing. How about your making a small investment in my business, by paying me a few pennies a week for the right to use my music?

1909-1953 -- what changes America's seen! A whole new system of transportation -- modern highways and airways. A brand-new network of communications -- radio and television.

Your and my business -- the entertainment business -- has also changed drastically between 1909 and 1953. Senator Pat McCarran has introduced a bill to modernize the 1909 copyright law to meet 1953 needs. It's a good bill. It's a fair bill.

Will this new law hurt your business? Quite the contrary. It'll help your business.

Next week I'm going to sit down and write you another letter and tell you how and why the McCarran bill is good for you.

Sincerely,

The Songwriter

CHICAGO:

Max Lutz brought very charming, youthful, fresh looking Mary Rose Bruce up to say "Hello" to us here at The Cash Box. Though Mary Rose has been in the chirp biz only about three months, the gal's just a natural for the bouncy folk-pop type tunes she does. Seems like Victor didn't go far wrong signing the gal. Mary Rose was born in Kingsport, Tenn., just outside of Knoxville, and comes by her folk intonations naturally. She now resides in Huntington Beach, Calif. Wrote quite a tune with Buck Ram, out on the Coast, "He Fiddled While I Burned" and sold the master to Modern label. Real juke box material. How'd she come to sing? Well, she can play the family's old pump-organ, but, can't play a piano. So to give Buck Ram an idea of what her songs sounded like—she sang them to him. And Buck said, "Sister, you're a natural for the vocal biz." That's how come Mary Rose Bruce is traveling the nation, meeting the deejays and juke box ops, to tell them about her first release on Victor. . . . Congrats to charming Maggie Frye, record librarian of WCFB, who got married this past week. Like Marty Hogan and lots of other say, "Happiest of happy marriages to a very sweet gal." . . . Sy House added Rozanne Pamela House to his house on 9/12. Wish you many, many more, Sy. . . . Eddy Arnold and Armand Baum talking things over in Linn Burton's Steaks House while the four Ames brothers, Vic, Gene, Ed and Joe, and Bill and Cissie Gersh were having dinner. "Eddy still the tops," the guys' round here say. . . . Manie Sacks pulled into town and right out again. . . . Marda Alexander, Jim Ameche's gal Friday, amazed at the number of people who told her about her name appearing here. . . . Karen Chandler, currently at the Chgo. Chitler, hoping for a musicomed part this season on Broadway. "Before the record ("Hold Me, Thrill Me, Kiss Me") I just couldn't get booked at all," Karen told Howard Miller. Now suggests that all disk stars learn how to also become star performers. Especially if they ain't got a disk spinning for 'em. . . . Three mad, but very, very sweet guys, The Gaylords, just wowing 'em at the Chicago. This is their first ap brought back again and again. . . . Grandest record-making deejays are right here in Chi. Wonder to us is that the boys don't get together and sort of clique up into what could be called the "Platter-Spinners Club." They're all such swell guys. Linn Burton's top floor open to the boys for clubrooms. Sooooo?????

MARY ROSE BRUCE

LOS ANGELES:

Actor John Wayne makes his debut on records with a new Decca album. Wayne narrates the story of "Island In The Sky" backed with the film's musical score. . . . Al Schisinger of Palace Records recently cut four new sides with his new artist, Gill Corey, to be released soon. . . . Monica Lewis planned in from New York to cut new sessions for Capitol. . . . Ray Anthony also etched several new sides before his opening at the Hollywood Palladium. . . . Other artists who scheduled new sessions were Les Baxter and Connie Russell. . . . The Page Cavanaugh Trio moves from the Captain's Table to the Saddle and Sirlin in the valley. Their recent waxing of "Hot Dawg That Made Him Mad" on the Hub label is well covered by here. . . . They like it and are awaiting public reaction. Capitol has jumped in with the follow up as Betty Hutton sings, "Hot Dawg That Made Him Mad." . . . The harmonica virtuoso, Leo Diamond, reports that the recording of "Off Shore" on the Ambassador label is now catching on throughout the country. . . . The new recording artist of Della Records, Bobby Doyle, has joined forces with Jerry Fielding and his orchestra for a tour of one nighters throughout Southern California. . . . Kay Starr and the Lancers are back from a successful European tour. This popular male group will team up with Shelly Winters for an engagement in San Diego October 9th then off to Bakersfield. They will again join Kay Starr for a return engagement at the Flamingo Hotel in Las Vegas during the month of November. . . . Western artist, Eddie Dean, recently broke into the Pop field by cutting four new sides. You can now hear this golden voiced singer with the new style on the Ode label. . . . Mike Kurlan of Record Merchandising, Inc., Coral Distributors, reports that Teresa Brewer's "Ricochet" is stepping way out with Eileen Barton's "Toys" right behind it.

M.S.I. Formed To Provide Music Service For Television Shows

HOLLYWOOD.—Formation of M. S. I., Music Service, Inc., an organization staffed to provide producers with the services of a complete music department, was announced last week by Herbert Spencer and Earle Hagen.

The company, occupying offices at 8848 Sunset Boulevard, Beverly Hills, is a California corporation and will do business under the trade name, M.S.I. Announcement of its founding was coupled with the disclosure that M.S.I. already has contracted to handle music for the new Danny Thomas and Ray Bolger television shows, as well as the impending Celeste Holm show.

Spencer and Hagen, who head the new organization, held posts as music arrangers at Twentieth Century-Fox for 17 years and seven years respectively. Among their latest picture credits as a team were "With A Song In My Heart," "Call Me Madam" and the current musical hit, "Gentlemen Prefer Blondes."

M.S.I. offers production units and individual personalities in motion pictures, television and radio, as well as stage acts, the full line of clearing services, including composition, arranging, orchestration, conducting, copying and music reproduction.

Spencer and Hagen have appointed Al Fisher, who for 14 years was business manager of the Twentieth Century-Fox music department, as their production manager. The Clifford Gill Agency has been signed to handle public relations.

In addition to television assignments, the new organization begins

its portfolio with a contract to do the musical settings for original music by Moises Vivanco to be used by Yma Sumac on her personal appearance tour.

"An independent music service such as ours has become an economic necessity for most film and TV production units," the M.S.I. executives said. "High cost of maintenance and cutbacks in production are ruling out the studio-operated department in many cases. M.S.I. is geared to handle all phases of musical requirements, whether the client's needs call for a single song arrangement or an entire recorded musical score."

Sy House To Parrott & Swingtime

CHICAGO.—Sy House announced this past week that he is leaving King Records, effective October 1, 1953.

On that date, he takes over as National Salesman for both the Parrott Record Company and Swingtime Records.

Sy has been with King diskery for the past two years.

Prior to that, he was associated with the Specialty and Modern labels. He has spent the last six years in the record industry.

Though his work will be on a national basis, Sy reports he will maintain his home in Chicago.

After five years as M. D. at the top variety house, Woolf Phillips is leaving the Palladium and the Skyrocks band. Woolf has conducted for almost every top name international variety artist and for four Royal Command performances. He has been tempted by U.S. offers but does not think he will accept at this stage.

Thelma Carpenter, former singer with Teddy Wilson (who is in England at present) opens at the Copacabana (London) on September 23rd and will be accompanied by Garland Wilson at present playing this new supper club. . . . On October 25th Mantovani will be giving a concert at the Royal Albert Hall with a sixty piece orchestra. . . . should be worth hearing. . . . Frank Sinatra, who is making such a terrific comeback in the U.S., gets a special show to himself when BBC features his life story in a programme called "Close Up on Sinatra." Frankie recorded his contribution before leaving these shores. . . . Torchard Evans has a new song which looks like its heading for the best sellers again. Title is "Be Mine" with an Al Martino disk to start it on its way.

R.C.A. Victor executive George Marek flew in and out of London after conference with H.M.V. chiefs. . . . Seems the ban on "Crying in the Chapel" has been slightly relaxed. It's free to straight singers but it's NO to dance bands. . . . Gloria de Haven surprised everyone by presenting a single act which closes the first part of the Bob Hope bill at the Palladium. Gloria holds the stage with ease and with glamour. She pleased the audience with her medley of hits which included the song from "Moulin Rouge" . . . Billy Daniels met Turner Layton recently and both talked about the hits of the past some of which were written by Turner. Anyone remember his famous songs? Here are some of them: "After You've Gone," "Dear Old Southland," "Way Down Yonder in New Orleans." And they still can be heard today.

The Vogue label in France has got a big seller in a ditty called "La Fete des Fleurs" written by a Latin American composer called Zaldivar. After hearing the Pierre Dorsey waxing I would venture to say that if Percy Faith got a hold of it he could turn up with another "Delicado" . . . Get busy Percy!

London Launches
Intensive Drive
On Health Album

NEW YORK—London Records inaugurated an intensive campaign this week to promote its new album "Ted Heath At The London Palladium". Along with the LP, the company is also releasing the entire concert on three 45 rpm EP albums. A sample of the record was sent to each distributor's salesman. Promotion material to the retailers includes poster cards, 12" x 20" hangers and EPs packaged in special counter display boxes. Three hundred top jockeys and radio stations will get copies of the disk.

The long-playing record includes an introduction by Ted Heath explaining the concert, which can be used by the dj as interview material.

For many years, before he formed his own band, Ted Heath was a top trombonist sought after by almost every British dance band. At the end of World War II he originated his own orchestra. As a result of his one night stands, swing concerts, records, film appearances and tours throughout the country, the Heath aggregation grew in popularity to the point where it has won top awards year after year in the British musical periodicals. The audience attending his Sunday concerts at the Palladium is still increasing with every performance. On this his latest release, Ted and the crew are heard at their eighty-ninth consecutive concert at the theater.

Artists featured with Ted on the recording are: pianist Frank Horrox, Roy Wilcox on the alto sax, Bobby Pratt doing the trumpeting, bassist Johnny Hawksworth, trombonist Don Lusher and Wally Smith, alto saxist Les Gilbert, Danny Moss on the tenor sax, and Ronnie Verrell at the drums.

Scott Quintet Returns
Via Audivox

NEW YORK—Leonard Wolf of Audivox Records, announced this week that the company is preparing its first extended play release to inaugurate its fall line.

The initial EP, which will retail for \$1.40 will feature the Raymond Scott Quintet and Dorothy Collins performing the standards "Singing In The Rain", "Tiger Rag", "Dinah" and "Sometimes I'm Happy".

Wolf reports that he has received numerous requests for platters by the Raymond Scott Quintet from disk jockeys, juke box operators and dealers.

In addition to being part of the extended play record, "Singing In The Rain" and "Tiger Rag" will be coupled as a single, soon to be released on both 78 and 45 rpm.

The company is planning an extensive promotional campaign via the jockeys and dealers.

FROM MORE THAN 15,000 RETAIL OUTLETS!

* Tunes are listed below in order of their popularity based on a continuing weekly national survey of thousands of record dealers by Jack "One Spot" Tamin. Each listing includes the name of the song, record number, artists, and tune on the reverse side.

* The number underneath the title indicates the actual sale per 1000 records made that week. If the figure is 67.4, it means that for every 1000 records sold that week, 67.4 were of the tune indicated—a combination of all the records on which it was available.

Stokowski Announces Canadian Concert Program

NEW YORK.—Leopold Stokowski, who will conduct the first major concert of contemporary Canadian music in the United States on October 16 at Carnegie Hall, announced this week that works of Healey Willan, Colin McPhee, Clermont Pepin, Pierre Mercure, Alexander Brott and Francois Morel will be represented on the program.

Stokowski disclosed that since the announcement of the concert last Spring, more than 200 compositions by Canadians were submitted to the Committee On Selections. The committee, headed by the conductor, is composed of Sir Ernest MacMillan, Claude Champagne, Wilfrid Pelletier, Boyd Neel, William Schuman, Henry Cowell and Walter Piston. Stokowski met with members of the committee in New York last week to set the final program and to discuss and decide upon the soloists and chorus to be used.

The program, which, the committee indicated, is subject to change, will consist of McPhee's "Tabuh-Tabuhan," Willan's "Coronation Suite," Pepin's "Guernica," Brott's "Violin Concerto," Mercure's "Pantomime" and Morel's "Antiphone." A Canadian soloist for Brott's violin work will be chosen and announced shortly.

With the announcement of the program, Stokowski commented upon the vitality and quality of contemporary Canadian music. Stokowski stated:

"I believe that this concert of Canadian music will not only reveal to music lovers talent that is new to them, but will lead to future hearings of music from those countries which we have perhaps not thought of as musically prolific.

"Canada has a cultural heritage almost identical with ours. On the map, there is a line between the two countries. But culturally, there is no such division. If Canadian music has been unrecognized by some of us in the United States, it is our mistake and our loss."

"Of the more than 200 compositions that were submitted from all parts of Canada, there are many that show great musical vitality. I am certain that those who attend the concert of Canadian music at Carnegie Hall on October 16 will find that the best music that Canada has to offer ranks with the best that our country, and possibly the best that any country in the world is producing today."

Powell Forms Own Pubbery

NEW YORK.—Teddy Powell this week joined with Max Schall to form a publishing company to be known as Tee Pee Music. The name of the publishing outfit stems from Teddy's nickname. The firm is an ASCAP affiliate.

The pubbery's first recording is "Flowers, Mr. Florist, Please" on the King label recorded by Charlie Fuqua's Original Ink Spots. The song was written by Teddy Powell.

Teddy is also credited with writing such hits as: "Take Me Back To My Boots And Saddle," "You Won't Be Satisfied," "Heaven Help This Heart Of Mine," "I Couldn't Believe My Eyes" and many others.

CANUCK CAPERS

TORONTO TOPICS

Localities are getting a kick out of the increased use of Canuck talent that is evident this Fall. Theatre bookings are now falling in line along with radio and such TV as exists in this part of the country. Currently headlining at the

NORMAN BROOKS

Casino Theatre is Montrealer, Norman Brooks who probably will gross close to the record figures established by Olson and Johnson last week. Record popularity is, of course, one of the main reasons that some of Canadians are clicking big at the box offices. Normans' disks, on Decca's Apex label in Canada have been consistent best sellers but because they were featuring a Canadian singer they have been getting much extra play by the D.J. and music op fraternities than might otherwise have been the case. Same situation has helped the local success of Columbia's "Four Lads" who will headline next week's Casino show. These Torontonians will be back home at time that this year's winners are chosen in the Red Feather Talent quest (the Simpson-sponsored community contest that brought them to light three years ago). To date The Four Lads have not played any of the niteries. Ontario Liquor laws bar minors from entertaining or patronizing any spot that sells hard drinks . . . so their rise in public favour can be attributed to their platters and the ops and radio featuring of them that has made them tops with our folks. . . . Almost every station was represented at the CCBA-BMI program clinic last Monday and busy meeting with the radioites were Capitol's Whitey Hains, MGM's Eric Bird, Mercury's Bill Carey, Quality's Frank Weaver and Don McKim with Ray Calder of Margas Distributing (Arson, Arrow & Biltmore labels). It was a great affair that lasted into the wee small hours and gave the boys and girls one of their few local opportunities of getting together to talk shop and socialize. . . . Don't be surprised if there are several new Canadian singers breaking into U. S. wax work in the next few months. MGM's cutting of a first session with gorgeous Shirley Harmer is imminent, two labels are dicker for Terry Arlen platters, and rumors are ripe considering certain of the folk stars. Naturally this pleases the local music fraternity who have long been plugging for just such opportunities for native talent and tunes. . . . Good example of how Canadians are going for top Canadian talent when they get the chance is the latest rating which shows the Denny Vaughan show topping every other program available to Canadian ears. Hope that more products will be as smart in enterprising as Imperial Tobacco who latched on Denny's net show when the All-Canada Radio folks offered it to them early last year. Recent cigarette tax figures prove that sales are way ahead of last year and the year before! Decca's Webb Pierce pulling a big advance ticket sale for his personal appearance here. This folk star is riding very high in these parts. . . . Billy O'Connor and his fine four are back again at the Colonial and judging by their reception on opening night they should log up another year of hold overs as they did on their last stand at the Circus Bar. Upstairs, Phil Napoleon continues to do good business with the resulting ho'dovers that automatically seem to be his.

FOUR LADS

Stardust Issues First Disk

NEW YORK—Stardust Records makes its bow with the release of four sides in a single package by Carmen McRae.

Stardust is headed by Len Frank who is also active in other phases of the disk business. He is president of Raleigh Records, Inc. (a pressing plant), Mastercraft Plating Corp., Carnegie Recording Studios, and he recently purchased a compound plant and an additional pressing plant in Louisville, Ky.

General manager of the new Stardust label is Chuck Darwin who was formerly associated with Universal Attractions and acted as road manager for such artists as the Ravens and Eddie "Mr. Cleanhead" Vinson.

Carlton Modifies Victor's "Open House" Policy

NEW YORK—Joe Carlton, head of A&R at RCA Victor, announced this week that because of the unprecedented number of non-professional people coming in on Mondays, it will be necessary to change the "Open House" policy as follows:

Only professional publishers and writers who are working members of either ASCAP or BMI will be auditioned Mondays on an "Open House" basis. People seeking to sell talent or masters will be asked to seek appointments by telephone. Amateurs and newcomers are to be urged to work through publishers.

The purpose of the "Open House" was to maintain the best possible relations with the working music trade. It is hoped this new policy will more closely work toward that objective.

Juke Box Haven

BOSTON, MASS.—Juke Box Haven, a new one-stop record shop, will celebrate its opening with a two-day cocktail party, Wednesday and Thursday, October 7 and 8.

The firm is affiliated with Poole Distributing, Wurlitzer phonograph distributors, and in addition to Miss Elinore DeRista, manager, Harry Poole and Charles Suesens, of the phonograph company will be on hand to welcome the operators.

The prime purpose of the one-stop is to service the music machine operators with all the records they need for their machines. In addition, the firm will retail to the general public.

Miller Off To Europe

NEW YORK—Dave Miller, president of Essex Records, is scheduled to leave for Europe on Monday, September 28. He will visit London, Paris, Brussels, Antwerp, Copenhagen, Berlin and Amsterdam.

His main purpose will be to complete lease deals with various firms and also to pick up material for his publishing and recording companies.

Essex Records has been phenomenally busy in the past several weeks, Miller reported. He said that in one ten day period, his firm had sold more than 200,000 records. He broke it down this way: "Three O'Clock in The Morning," the new Monty Kelly disk-110,000; "Farewell, So Long, Good-bye," the latest by Bill Haley-65,000; and assorted orders for "Tropicana," "Crazy Man Crazy" and "Pat-A-Cake" came to 38,000.

Decca Releases Merman-Martin Ford TV Show Sound Track

NEW YORK—About three months ago, the Ford Motor company sponsored one of the most talked about television shows. And one of the reasons for the show's great success was the medley by the duet of Mary Martin and Ethel Merman.

On that 50th Anniversary show, the two renowned artists sat on chairs on a wide open stage and delivered some of the favorite standards of the past 50 years.

Because of the tremendous reception which the performers received, Decca bought the rights to the sound track of the TV show and has just released it on record. The platter features some of the songs which Misses Martin and Merman helped make popular in their lifetime in showbusiness. Songs like "There's No Business Like Show B-siness," "Wonderful Guy," "Wait Till The Sun Shines Nellie," "I've Got Rhythm" and a pack of other hits.

The results as heard on the platter were conducted and arranged by Jay Blackton.

Rainbow Signs Jeri Winters

NEW YORK—Eddie Heller, president of Rainbow Records, has announced the signing of Jeri Winters, former Stan Kenton vocalist. Her first sides will be released in a couple of weeks.

Bergman Lining Up Distribbs For Triangle Records

NEW YORK—Dewey Bergman, vice-president and A&R head of the newly formed Triangle Records, is currently on a tour of the New England states, lining up distributors and paving the way for the firm's first releases.

Announcement of the formation of the firm was made last week by Ben L. Kulick, its president. Kulick is also president of the Saksan Distributing Co. in Buffalo.

Accompanying Bergman on the trip is Paul Brown, in charge of record and sales promotion for the diskery.

THE CASH BOX RHYTHM & BLUES Ramblings

NEW YORK:

Another couple of vocal groups entering the picture this week. Over at Savoy Records, Herman Lubinsky has himself what Lee Magid, A & R head, calls the first really different sounding group to vie for honors, "The Wanderers." Joe Davis builds his already impressive vocal group stable with the addition of "The Sparrows." Davis already has two top flight groups in The Crickets and The Blenders. He also announced the signing of Otis Blackwell and nine-year-old Irene Treadwell. Little Irene will be released with two Christmas items soon. . . Yaretta Dillard booked solidly as a result of her succession of hits. . . The grapevine tells us to watch out for the Charles Brown-Johnny Moore "Cryin' And Driftin' Blues on Aladdin. Hear it's terrific. . . "Just Walkin' In The Rain," originally etched by the Prisonaires on Sun has its first pop cover by Cathy Ryan on MGM. . . Looks like Herald Records has come up with another hit in its "I Had A Notion" by Joe Morris and vocalized by Al Savage. Side, has the same exciting jubilee feel as "Shake A Hand." . . Irv Marcus, Peacock and Duke salesmanager, stopping off in Charlotte, N.C. for a few days. . . The Dominoes, King Records, broke all precedent when after their smash appearance at the recent Michigan State Fair they were invited to appear, next year. This will make the third successive appearance, or a new record for a rhythm and blues group. . . Well it finally happened. Two Greeks met and didn't open a restaurant. Harry Apostoleris, Alpha Distributor, New York City, and Jimmy Kronos, President of Nocturne Records got together when Alpha took over the Nocturne line. . . Bob Rosen, Seeco Records, announced the appointment of Cosnat Distributing Company as exclusive distributor for New York, New Jersey and Pennsylvania territory. . . George Goldner, Rama Records chief, has been getting a terrific sales reaction on the Crows' "I Love You So" and "Gee" wherever he visits. . . Goldner is now in the midwest and expects to hit key spots throughout the nation before he returns to New York. Amazing thing is that some cities are hot for "I Love You So" and others for "Gee."

CHICAGO:

Len Chess finally returned to good old Chicago, after a profitable four-week Southern junket. Len visited all districts in Louisiana, Tennessee, Florida, Alabama and Georgia. He reports that he signed some brand new talent. While in Shreveport, he bumped smack into Bob Austin of The Cash Box. Len chatted with that of all their current releases, Little Walter's latest shows the most promise. "And believe me," he concluded, "my car has already paid for itself a thousand-fold, 'cause I could turn on the air-conditioning and avoid the horrible 100-degree heat." . . . Lynn Hope skedded for Midwestern appearances in Flint and Saginaw, Michigan. But that's as close to Chicago as he'll come, it seems. Wonder why this popular guy never plays our town? . . . First shipment of Epic Records just hit the floor at United Distributors and George Lechner, but real pleased with immediate reaction. . . The Spaniels, currently riding high with their "Baby It's You," have just been signed to a contract by Shaw Artists Corporation. . . Hear tell that Eddy Boyd plans to go out as a single. Piano and vocal act. . . Sy House, busy passing out cegars in honor of brand new baby dotter, reports that, after two years, he is leaving King Records, effective October 1. Becomes national sales manager for Parrot and Swingtime diskeries. But will maintain his headquarters in Chicago. . . Johnny Benson, sales manager for Specialty, in town this past week, visiting deejays and giving the over-all picture here the once over. . . Dizzy Gillespie comes back into the Capitol Lounge here for a four-week stay beginning 9/30. Believe he spends about four months out of each year at this club. . . We just learned from Al Duckett that Billy Eckstine has accepted the national presidency of the Artists Society of America. What with Eckstine as national prexy, and Duke Ellington acting as national chairman, how can they miss?

LOS ANGELES:

It is interesting to note the large number of current releases that are climbing into the hot charts. . . The Bihari Brothers recently released "All That Oil In Texas" with Oscar McLollie and the Honeyjumpers on the Modern label. This tune was originally recorded as R & B but almost instantly jumped into the pop field. Indications that it could be a big number. The ops have already put it on many of their boxes. . . It was reported that one of the main reasons Aladdin Records has met with such great successes with their current releases is due to the fact that Maxwell Davis is back from the East and has been handling their arrangements. . . Fats Domino completed a successful engagement here in LA and left on his tour of one nighters through Las Vegas, Denver and points East. His current release "Rose Mary" on the Imperial label is getting lots of play all over the place. Little Willie Mitchell is scheduled for an appearance at the five four ballroom October 9th. . . It was reported that the ever popular Ink Spots will open at Larry Potters Supper Club for a ten-day engagement starting November 15th. . . Art Rupe of Specialty Records keeps plenty busy trying to keep up with his ever growing catalog of standards and big sellers. . . Jim Warren and Jack Andrews of Central Record Sales report that they are now handling some of the biggest numbers in town, plus many up and comers like Lawrence Stone's "Please Remember Me" (Modern) and "Run Gal Run" (Million Dollar) with his Christine Chatman and Poppy Prince and his Orchestra. . . Jake Porter and his trumpet are causing a lot of comment with "Beauville" and "El Toro" on his own Combo label. . . Lew Chudd prexy of Imperial Records left on a business trip to New York and the East Coast. . . Jimmie Wilson's "Blues at Sundown" and "A Woman Is To Blame" on the Ek label is getting a lot of comment and seems to be an up and comer. This is Jimmie's first big release since "Tin Pan Alley."

No Place Like Home

Joseph Lamont, baritone of Billy Ward's Dominoes who was taken ill 11 months ago and has been convalescing ever since, is welcomed back by Billy Ward and his Dominoes at the Michigan State Fair while autograph-seeking bobby-soxers look on. Ward (center, left) gave Lamont the job of road manager when he learned Joe was under the doctor's care and couldn't engage in the dazzling routines his Dominoes are noted for.

WILLIE MABON
(Chess 7529)

● Willie Mabon continues his feud with his woman in "You're A Fool". In this slow rocking blues, Mabon takes the offensive and vindictively spits out harsh words as he berates his "Ba-a-by" with items like "You're the dog-gonest fool I've ever seen" and "You stay so drunk you don't know what it is to stay on your feet no me". Vocal is done in talky style. A strongly novelty item that should follow in the sales trend of its predecessors. The flip, "Monday Woman", is Mabon at his vocalizing best. Willie bounces through the fetching piece with the support of some heated orking.

INSIDE HARLEM

While plaining Harlem's Apollo Theatre recently Duke Ellington chanced to hear the terrific voice of religious singer Dotty McCleod who was nightly belting out a wonderful batch of spirituals in a revival tent meeting some few yards away from the theatre. Was so impressed with the way this big voiced Miss gave out with the sharps and flats that he promptly signed her as the new female thrush with the band. New Yorkers will get the first chance to put the o.k. on the budding new star when Duke and his wonderful crew move into the famed Bandbox October 12.

... The new boy and girl platter spinning team of Leigh Kamman and Diahm Johnson (they operate the 1280 Club nightly from 8:30 thru 10:30 over WOV) started their new show from Harlem's main stem (West 125th Street). Among the celeb's on hand to wish them well were the Dominoes, Joyce Bryant, Joan Shaw, Sam Most, The Four Dukes (new Duke Records group), Harlem's Mayor Willie Bryant, Shelton Lewis and many more. ... A doff of the lid to WLIB staffers Bill Jenkins, music director, and deejay Lloyd Williams for their programming of The Cash Box selections. Lloyd, who brings his early wake 'em up show, "Harlem Serenade", to listeners each morning from 6 to 8:30 in the yawning, reports that he has noticed a definite change for the better in his audience reaction since airing The Cash Box list. Bill and Lloyd have a big bundle of cards and letters to prove it. ... Promoter Teddy Powell and jockey Bill Cook making the booking agencies and buying up all the top talent for a string of one nighters as far out as Cleveland. Among those already contracted are Aladdin's Amos Milburn, Imperial's Fats Domino and Tico's Joe Loco. Cook waxed poetic in describing the terrific box office appeal of the Johnny Ace, Willie Mae Thornton package. Ace and Thornton are stars of the Don Robey labels, Duke and Peacock respectively. ... Uptown operator Al Douglas, who has a great many juke boxes in Harlem and the boroughs, was one of the first to stock the latest wax bomb "You're A Fool" dropped by that exciting Chess Record star, Willie Mabon. Says it's really rocking the boxes.

The scroll to the left represents the boys' success in tying as The Most Programmed R&B Vocal Group according to The Cash Box Annual Disk Jockey Poll. The gold record is Atlantic's award for the sale of the 3,000,000th clover record. Surrounding the Clovers from L. to R. are: Marty Ostrow, The Cash Box; Jerry Wexler, Atlantic; Tom Dowd, Atlantic; Lou Krefetz, mgr. of the Clovers; Ahmet Ertegan, Atlantic; and Norman Orleck, The Cash Box.

JIMMY NELSON
(RPM 389)

Ⓢ "SECOND HAND FOOL" (2:38)
[Mod. Music BMI—Nelson, Taub]
Jimmy Nelson shouts out a feelingful reading of a slow blues. An ok deck.

Ⓢ "BIG MOUTH" (2:37) [Mod. Music BMI—Nelson, Taub] Another slow blues with intriguing lyrics. Friends tell him he talks too loud. Every time he opens his mouth he says the right thing. Nelson handles the material effectively.

BEP'S BROWN O.
(Meteor 5001)

Ⓢ "KICKIN' THE BLUES AROUND" (2:39) Bep's Brown and his ork dish up a slow instrumental that features the weird sax sounds of Bep. Sound comes through strongly and should excite lots of listening pleasure.

Ⓢ "GROUND HOUSE BOOGIE" A racer on a wild sax. This deck features an authoritative horn on a go item.

JACK COOLEY
(States 125)

Ⓢ "RAIN ON MY WINDOW" (2:50) Jack Cooley and his ork come up with a slow blues ballad of a breaking heart. Vocal of the sad melodic item smooth.

Ⓢ "COULD BUT I AIN'T" (2:52) [Pamlee BMI—Cooley] Flip is a quick mover with a riding sax intro. A saucy item with live lyrics.

JOHNNY PERRY'S ORCHESTRA
(Jubilee 5125)

Ⓢ "TERRIBLE, TERRIBLE FEELING" (2:44) [Benell BMI—Perry] Accompanied by sobs throughout Perry sings it's terrible to love someone who doesn't love you.

Ⓢ "PERRY'S BLUES" (2:33) [Benell BMI—Perry] The under lid is an instrumental slow blues smoothly etched.

THE LEAP FROGS
(Excello 2014)

Ⓢ "DIRTY BRITCHES" (2:42) The Leap Frogs dish up a middle beat bounce instrumental with Jimmy Johnson on the harmonica occupying the lead spot. The boys come through with a good beat and sound. Should grab itself some action.

Ⓢ "THINGS GONNA CHANGE" (2:41) On the flip, Louis Campbell sings of his lying woman. A slow southern type blues with the group performing in solid fashion.

[Republic BMI—Chiarelli]

"WRITE AND TELL ME WHY" (2:27)
[Valley BMI—Glen]

THE ORIOLES
(Jubilee 5127)

● When you have a winner stay with it. That oft repeated philosophy apparently is the strategy of the Orioles. Having hit it so big with "Crying In The Chapel" the boys come through with two sides, "In The Mission Of St. Augustine," in the same vein, and "Write And Tell Me Why," by Arthur Glenn, author of "Chapel." Treatment is also similar. The arrangements are aimed at both the R & B audience and the Pop field. The latter market was captured to a large extent with "Chapel." The boys are soft and lush backing a velvety voiced Tonny Til on two beautiful melodic ballads. To coin some corn, Til is Tilific.

"TV IS THE THING (This Year)" (2:41)

[Tamasa BMI—Sanford Medley]

"FAT DADDY" (2:39)

[Tamasa BMI—Sanford, Medley]

DINAH WASHINGTON
(Mercury 70214)

● Dinah Washington comes through with a pair in the right vein for action. The upper lid, "TV Is The Thing (This Year)," with gay and chuckley lyrics slightly on the blue side. Dinah's effervescent warbling puts this middle tempo bounce over in bubbly style and could be one of Dinah's big ones. The under lid, "Fat Daddy," is a rhythmic blues of moderate tempo. Dinah tells her man he is fat and forty and over the hill but she loves him still. The blues stylist really sings this one out and the potential of this deck is powerful. Look for both sides to command attention and plays.

JAMMIN' JIM
(Savoy 1106)

Ⓢ "JIVIN' WOMAN" (2:41) [Savoy BMI—E. Harris] Jammin' Jim sings a slow tempo blues with a simple guitar support. Effective.

Ⓢ "SHAKE BOOGIE" (2:30) [Savoy BMI—Harris] Big play on this deck is the smart guitar. A quick beat with a secondary vocal.

CHRISTINE CHATMAN
(Million 2002)

Ⓢ "RUN GAL RUN" (2:55) [BMI—Chatman, Prince] Christine Chatman makes merry with an infectious and gay calypso type ditty. Orking is in the mood.

Ⓢ "WINO'S LAMENT" (2:46) [BMI—Lee Colby] The fem thrush chants slow torchy blues. Dreamy and soft lights.

LIGHTENING HOPKINS
(Decca 28841)

Ⓢ "POLICY GAME" (3:05) [Rockland Music BMI—Joe Luke] A typical Hopkins side that should go well with his market. Lyrics elaborate on the numbers game.

Ⓢ "THE WAR IS OVER" (3:07) [Northern Music ASCAP—Bob Shad] Lightening sings a slow blues with his twangy guitar lending plaintive support.

JOE LIGGINS and His Honeydrippers
(Specialty 474)

Ⓢ "THE BIG DIPPER" (2:28) [Venice—J. Liggins] Joe Liggins and his Honeydrippers etch a quick beat bounce detailing the dance.

Ⓢ "EVERYONE'S DOWN ON ME" (2:48) [Venice—J. Liggins] Billy Bivins vocals on this end. Sings of having lost every friend. The Liggins crew back in good style.

THE SWALLOWS
(King 4656)

Ⓢ "PLEADING BLUES" (2:23) [Jay & Cee BMI—Pierce Johnson] The Swallows go wild on a quick beat with lead pleading to his baby to please come back. A driving item with rhythmic hand claps. Sax is torrid and enthusiastic.

Ⓢ "TRUST ME" (2:30) [Hollybrook ASCAP—Tommy Edwards] The under lid is a slow blues ballad with romantic lyrics. Lead sings warmly and with emotion. A sprinkling piano lends color.

Rhythm 'N' Blues SLEEPER OF THE WEEK

"I HAD A NOTION" (2:41)
[Angel BMI—Joe Morris]

"JUST YOUR WAY BABY" (2:27)
[Angel BMI—Al Savage]

JOE MORRIS-AL SAVAGE
(Herald 417)

● Joe Morris, ork leader who wrote the nation's number one hit, "Shake A Hand," follows with another, "I Had A Notion," that looks like another biggie. Morris, with an established reputation as orkster and tunesmith, now emerges as a top talent scout as he unveils his male singer, Al Savage, to follow his discovery, Faye Adams. Savage sings the slow jump in exciting fashion. Savage and Morris captures the same feeling on this deck that made "Shake" so powerful. The religious kick engenders the spark that could break this etching wide open. The flip, "Just Your Way Baby," is a slow rhythmic low down blues effectively performed. "Notion" is the side.

"I'M NOT THE ONE YOU LOVE" (2:28)

[Beacon BMI—Campbell]

"FINE AS WINE" (2:34)

[Beacon BMI—Roisman]

THE CRICKETS
(Jay Dec 781)

● The Crickets bid for a big one with their latest, "I'm Not The One You Love" and "Fine As Wine." The former, a slow ballad blues, is performed in top flight manner by The Crickets. The group handles the melodic item with a mellow feeling. The boys are sadly bewildered as they sing the romantic lyrics. They tried to please but she couldn't be satisfied. Sweetly etched and could get a big piece of action. The flip, "Fine As Wine," is a quick beat bounce energetically performed. Lyrics are gay and treated to a light hearted reading by the group with orking in the mood. The side that has the "hit" potential, from where we sit, is the top deck. "I'm Not The One You Love."

Gold Disk

WASHINGTON, D. C.—Milt Grant, WOL, Washington disk jockey (center) is shown receiving a gold disk of "Anna" from Jimmy Klompus, sales manager for Gimbel Brothers Inc., MGM Record distributors for the Baltimore and Washington territory, for his efforts in launching the record. Looking on (left) is William Beeman, Jr., Washington salesman. A similar gold disk is being sent to Sylvana Mangano at the Ponti De Laurentis film studios in Rome.

Disk Jockey Sponsors of Wurlitzer-Laine Contest Report Heavy Entries

N. TONAWANDA, N.Y.—At the end of the first week for accepting entries in the Frankie Laine-Wurlitzer \$5000 Vocalist Scholarship Contest, disk jockey reports from widely varied localities indicate a flood of talent entering the competition. Each sponsoring jockey is asked to fill out and return to Wurlitzer a weekly report on the number of entries received. Although it is too soon to begin tabulating nation-wide totals, some of the early reports indicate an unusually keen interest in the contest.

In a report dated September 16th, one day after the acceptance of entries began, Jack Thayer of WTCN, Minneapolis, reported 10 entries. From Miami, Florida, Harry Burge of WQAM reports 22 entries had reached his desk by the afternoon of September 19th. From the extreme diagonal across the country, Wally Nelskog of KJR, Seattle, indicated 20 entries on September 18th. From KOPO-TV, Tucson, Andy Wilson reported the unusually high figure of 67 on September 17th. From Milwaukee, Bob "Coffeehead" Larsen of WEMP, totaled 38 entries on September 19th, while Bob Wells of WEBR, Buffalo, had 72 entrants on the afternoon of Tuesday, September 22, from which to select a winner. Houston, Texas, through Station KNUZ, indicated that 15 entries had been received on September 19th.

All participating disk jockeys are continuing to get entries at an increasing rate and there have been many calls for additional entry forms to meet the heavy mail requests. A telegram received at Wurlitzer on Monday (September 21) from Paul Brenner, W.A.A.T. Newark, New Jersey, requested 1000 more entry forms with the statement that his original supply was completely exhausted. Brenner, as well as the other jockeys, had received 250 forms in the original shipment. Additional forms were also requested from stations in Detroit, Denver, Kansas City and Oklahoma City.

The contest still has a little more than three weeks to run and if entries continue to pour in at the present

rate, contest judges will be hard-put to listen to all the transcriptions and make the decision in each of the 40 cities for announcement on November 1st. No applications will be accepted after midnight, October 19th.

Lombardo To Play Again At Yankee World Series Games

NEW YORK—For the fifth consecutive year—and for the sixth time—Guy Lombardo has accepted the invitation of the New York Yankees to give pre-game concerts on the field of Yankee Stadium for an hour before game time of each World Series game played in the Stadium.

As in past years Lombardo will accept no payment for himself or his musicians for this Stadium "engagement", and will pay his musicians out of his own pocket for the performances in accordance with musicians' union regulations. He will also absorb all incidental expenses, including transportation of the band from and back to the Hotel Roosevelt, and World Series tickets for his musicians so that they can see the games after concertizing.

Lombardo first accepted the Yankees invitation to give World Series concerts in 1947, and has repeated the chore at each subsequent World Series in which the Yankees have been engaged.

Phil Rose To Challenge Music

NEW YORK—Phil Rose announced this week that he was leaving Brunswick Records to become professional manager of Challenge Music.

In addition, he will devote himself to the two artists he manages, Betty McClaurin and Sarah McClawler.

Sixth Annual "World Series of Dixieland" Set For Oct. 3

LOS ANGELES—On October 3rd, the sixth annual "World Series of Dixieland" will be held at the Shrine Auditorium in this city. Disk jockeys Gene Norman and Frank Bull will have on hand for the occasion Sidney Bechet and Bob Scobey's Prisco Band as top events. Scobey will fly his band and lead vocalist Clancy Hayes down to L. A. from San Francisco, for the jubilee, which is considered by many, the jazz event of the year. For Scobey, a Good Time Jazz recording artist, this is a repeat performance, having appeared at the festivities last year.

Also making a repeat performance will be George Lewis and his New Orleans Music. Lewis, another Good Time Jazz artist, is coming to the affair from Crescent City.

Other artists from the same diskery who were invited to the Dixieland party are Pete Dailly's Chicagoans, The Banjo King, Jeanne Gayle, the Firehouse Five Plus Two, and Kid Ory's Creole Jazz Band. However, the latter two groups will not be able to appear because of previous commitments.

It Takes All Kinds

One singer croons,
One singer warbles,
One sounds as if
He's lost his marbles.

One singer whispers,
One has doubts
Of being heard,
And so he shouts.

One singer yodels
Like a Swiss,
One singer bellows,
Hit or miss.

One singer wails,
One thinks he's Bing . . .
One in a hundred
Singers sing.

Miriam Abramson Returns From Europe

NEW YORK—Miriam Abramson, Atlantic Records exec, returned from a two-month jaunt of the European countries.

Mrs. Abramson visited with her husband, Lt. Herb Abramson, who is stationed with the U. S. Armed forces in Germany. Herb Abramson is co-owner of Atlantic Records.

During her stay on the continent, Miriam Abramson made frequent visits to the companies handling the distribution of Atlantic Records.

Rodgers Joins RCA Victor Custom Record Sales

NEW YORK—Peter Rogers has been appointed New York sales representative for RCA Victor Custom Record Sales, it was announced by James P. Davis, manager of the division. As salesman for RCA Victor's custom-made phonograph and premium and promotion records and transcriptions, he will report to David J. Finn, sales manager.

Prior to joining RCA Victor, Rogers was assistant general manager of K. R. Smith-Allied Record Manufacturing for the past two years and treasurer of the K. R. Smith Co., Inc., from 1948 to 1951.

NEW YORK—RCA Victor execs listen to their new popular record releases on a jukebox from now on, rather than an ordinary phonograph. The change-over in machines indicates the increased emphasis RCA Victor is placing on the importance of the jukebox market. RCA Victor execs want to make certain that the records they release will sound fine on the jukeboxes of the nation. They feel that one good way to make sure of this is to audition each new record side on a jukebox, and have installed an impressive instrument in the main conference room at the 630 Fifth Avenue office.

There had been some comments from coin ops that certain records were not attracting sufficient attention to the jukeboxes because they didn't have the "right sound." RCA Victor engineers who investigated the matter discovered that the records in question sounded fine on an ordinary phonograph, but tended to lose certain values, for technical reasons, when heard over a jukebox sound system. The proper corrections were made, and now—with every record being checked on a jukebox before it is released—RCA Victor is looking forward to increased popularity with the nation's coin operators.

Reacting pleasantly to the music coming from their new jukebox in the RCA Victor conference room at 630 Fifth Avenue, New York, are: (Standing)—L. W. (Larry) Kanaga, General Sales Manager, who is leaning on the jukebox; W. I. (Bill) Alexander, Manager, Advertising and Sales Promotion; Irwin Tarr, Coin Operator Sales Manager; E. L. (Ed) Dodelin, Field Sales Manager; R. A. (Bob) McClusky, Country Music and Blues-Rhythm Sales Manager. (Seated)—J. Y. (Jack) Burgess, Merchandise Manager; George Marek, Director of Artists and Repertoire; and Henri René, Assistant Manager, Popular Artists and Repertoire.

Shaw, Sharon, Share Embers Bill

NEW YORK—Artie Shaw and his New Gramercy Five open an eight-week engagement at the Embers in New York starting on October 1st. Shaw will revive some of his all-time great renditions of such songs as: "Begin the Beguine," "Indian Love Call," "Back Bay Shuffle," "Night And Day," "Frenesi" and loads of others.

As an added attraction to the Shaw show, Ralph Sharon, one of England's top pianists will make an appearance with his trio. Sharon has been in America for three months and this Embers engagement is his fourth. His debut was in Chicago in mid August. Then he went to Rochester and he is now completing an appearance in London, Ontario.

Toys

NEW YORK—Bob Merrill, author of "Toys," and Eileen Barton, whose Coral recording of the tune has been making plenty of noise, listen to the record on a toy phonograph at Danny's Hideaway. To make the picture complete, they are surrounded by a bevy of toys.

DETROIT—"You got them up north too?," seems to be singer Darrell Glenn's reaction as WXYZ's Ed McKenzie does a little spoofing with a stuffed alligator. McKenzie was playing a dub of the song even before the Valley release, and Detroit was among the first cities to list it as a best seller.

"WRITE AND TELL ME WHY"
 (2:47)
 [Valley BMI—A. Glenn]
"DON'T LET ME DOWN" (2:55)
 [Valley BMI—A. Glenn]
 DARRELL GLENN
 (Valley 107)

● Darrell Glenn's latest offering appears to have the potential of his previous smash, "Crying In The Chapel". Glenn delivers a top-drawer vocal on "Write And Tell Me Why", a tune penned by the artist's father, who also wrote "Chapel". Sung with tender emotion, the plaintive love lyrics express the chanter's desire to know why his gal left him after he did everything to make her happy. A lovely middle beat melody that should make the boxes jingle with excitement. The under lid, "Don't Let Me Down", is a quick beat romantic tune vocalized in fetching style by the artist. The Rhythm Riders support in eloquent fashion on this end. Edge goes to the top deck that should go saleswise in the pop as well as the country markets.

"KINSEY'S BOOK" (2:58)
 [Intro BMI—Charlie Aldrich]
"SOMEBODY GOOFED" (2:49)
 [Fairway BMI—Charlie Aldrich]
 CHARLIE ALDRICH
 (Intro 6083)

● Charlie Aldrich comes up with a disc based on the controversial book about the ladies written by Mr. Kinsey. It looks like Walkin'-Talkin' Charlie Aldrich has a hit on his hands as he zestfully belts out a delightful novelty about that book. Chorus happily blends in support of Aldrich on this amusing handclapper that could also take off popwise. Lyrics tell that nobody's doing anything exceptin' reading Kinsey's book. Ops oughta be mighty happy counting their receipts when they order this one. Under deck is another happy-go-lucky ditty with fetching lyrics dished up in similar fashion by the artist. Rhythmic backing flavors this end.

TOMMY COLLINS

(Capitol 2584)

"YOU GOTTA HAVE A LI-CENSE" (2:25) [Central BMI—Tommy Collins] The accomplished voice of Tommy Collins etches a quick beat musical pick-me-up. Enjoyable lyrics on a side that rides merrily along in gay manner.

"THERE'LL BE NO OTHER" (2:26) [Central BMI—Tommy Collins] Reverse deck is a moderate beat piece with romantic lyrics tenderly voiced by Collins. A solid pair of tunes with able string support on both sides.

AUTRY INMAN

(Decca 28778)

"PUCKER UP" (2:39) [Brenner BMI—Autry Inman] A quick beat love piece delivered in light-hearted fashion by the mellow voiced Autry Inman. Cute lyrics tell how much the chanter is achin' to give his gal a great big kiss.

"THAT'S WHEN I NEED YOU THE MOST" (2:20) [Old Charter BMI—Buddy Killen] Under portion is a moderate best weeper warbled in feelingful fashion by the artist. Inspired string support on two appealing sides.

THE STANLEY BROTHERS AND THE CLINCH MOUNTAIN BOYS

(Mercury 70217)

"I'M LONESOME WITHOUT YOU" (2:38) [Kentucky BMI—Ralph Stanley] Racing strings are featured on a distinctively styled item by the Stanley Brothers and the Clinch Mountain Boys. Trio lends a spirited vocal to this romantic lament.

"THE WEARY HEART YOU STOLE AWAY" (2:37) [Acuff-Rose BMI—Carter Stanley] Flip is another fast moving lament fashioned by the boys. Duet vocals adequately with a fanciful string backing.

SLIM WILLET

(4 Star 1643)

"IT'S HARD TO LOVE JUST ONE" (2:32) [American BMI—Willett, Robison] Some fine material is dished up by Slim Willet as he vocals a feelingful item with infectious appeal. Hired Hands support in engaging fashion on this quick beat piece. Tune could be a money maker for the ops.

"LITTLE BLUEBIRD KEEP SINGING" (2:48) [Slim Willet BMI—Willett] Flip is a colorful etching of a fast beat lovers lament that Slim delivers in exciting manner. Chanter hopes that the singing of the bluebird will bring his love back. Both decks feature tinkling high notes on the piano.

"LITTLE RITA" CAROL

(Alexander 2371)

"HE WASN'T JUST AN ORDINARY NARY PANHANDLER" (2:49) [Pelson BMI—Dick] The refreshing voice of ten year old "Little Rita" Carol renders a pleasant quick beat ditty. Smooth orking, delightful lyrics, and a catchy melody blend for a happy side.

"THE COWBOY WITH THE LASSOE" (2:05) [Pelton BMI—Dick] Lower end is another quick beat item handled in mellow fashion by the soft and polished chords of the tyke, Frank W. Metis. Ork backs in ok fashion on both ends.

"TEXAS JIM" ROBERTSON

(MGM 11591)

"BEWARE" (2:45) [Milene ASCAP—Fred Rose] "Texas Jim" Robertson dishes up an easy reading on a lovely oldie brought up to date. General effect is stirring and rich on this pleasant moderate beat item.

"SCRATCHBRITCHES HILL, TENN." (2:44) [Pine Ridge ASCAP—Williams] Bottom lid is an amusing quick beat piece vocalized in the approved nasal manner of the artist. Lyrics tell about his love for the fair headed maiden from the hills.

"It's What's in THE CASH BOX That Counts"

FOLK and WESTERN ROUNDUP

Johnny Bond is making a number of appearances—some at rodeos—and is headed from the Texas-Oklahoma area to the West Coast on a business trip. Johnny's new release is going great, and has "Let Me Go Devil" coupled with "Wildcat Boogie." After a very successful appearance on the country's top country show, Grand Ole Opry, Jean Shepard with Ferlin Huskey, are happy with the steadily increasing sales being registered on "Forgive Me John," their Capitol follow-up to the hit platter, "Dear John Letter." They made their appearance on Grand Ole Opry as guests of Carl Smith Saturday, September 19th. Currently on tour of the South and Southwest booked by the MCA office in Dallas, they returned to the West Coast this week for seven weeks of one nighters in ballrooms and clubs of the Northwest and Canada. Buck and Sonny, Medford, Oregon promoters, are handling the big fall and winter tour. "Minnie Pearl's Diary" is a new publication which features the life of Grinder's Switch, Tenn., tells all in "Minnie Pearl's Diary," and any person without the book is missing something. Get details by writing Minnie Pearl, Grand Ole Opry, Station WCM, Nashville, Tennessee. Mitchell Torok, the 23-year-old Texas artist discovered by Capitol Records, is also excited that pop delays have jumped on the bandwagon and are playing the grooves off of the "Caribbean." The great writing talents of Torok were shown with his first tune, "Mexican Joe." Jack Loyd's record of "Divorce Granted" stirred up so much interest a major label is covering with release soon with a top C&W artist. Numa, Del. Harlan Hughes, Hollywood writer-producer and executive. Loyd's record is on the fast growing Eastman label and flip side is "Act 1, Act 2, Act 3."

CARL SMITH

Little Rita Faye's catchy version of "Alabama" is getting stronger all the time. The sweet little thrush should be blossoming into a big name in the near future. Promising efforts have been made these days by a newcomer to the management field... Fred Foster. Fred is handling the Republic keyboard artist, Del Wood, and thus far is doing a good job for the "Down Yonder Gal." Fred recently had Del on the Eddy Arnold TV Show and has numerous bookings for her during the current Fall and Winter season. Back up the good work, Fred! Word from Del Harlan Hughes, Springdale, Texas, president of the Johnny Horton (Mercury) Fan Club, says that Johnny has just completed a visit to New Orleans where he appeared on TV there and endorsed a safety campaign. While in New Orleans, Johnny was presented the key to the city.

Tom Perryman is now manager of KSLJ in Gladewater, Texas. Congratulations! Carl Smith, whose network show for the Martha White Flour people is fed to quite a string of stations throughout the South, is preparing to run promotion tours through these cities. He should all details materialize. Smith would be playing in Tennessee, Kentucky, Alabama, Georgia, North and South Carolina, Florida, and Mississippi. Eddie Hill (Mercury) one of the more versatile artists as evidenced by his new release, "Breakfast At The Opry" show Saturday, September 19th, the following lineup of artists: Roy Acuff, (Capitol) and all his Smoky Mountain Boys, Lonzo and Oscar with Tommy Warren, Minnie Pearl and Rod Brasfield in the "Night Myrle Of Music City" in the role of a deejay over WSM each evening. During his spare time, Eddie does a few personal appearances and records on the Mercury label. Eddie also writes some songs, but to date I've been unable to figure out just when he does them. The Carl Smith Mother, Mary Jane, Helen, and Anita played the Northern Neck Fair in Warsaw, Virginia week of September 18th and September 28th; they played the Tennessee State Fair, held in Nashville, Dave Garrison, vice-president of Valley Records-Publishers, Knoxville, reports that he has recently added five new distributors to handle the Valley label.

Terry Preston's name will not be dropped completely by Capitol as was planned. Terry enjoys wide popularity throughout the industry, and especially with fellow artists. Since the war he has spent most of his time on the Pacific Coast doing radio, TV, records and personal appearances. He gained millions of new fans under the name of Ferlin Huskey singing "Hank's Song," and then teamed with Jean Shepard on "Dear John Letter" and "Let Me Go Devil." Terry Johnson" as well as other new releases. Bill Williams will stage his annual Capon Dinner in Houston, October 14th, and all proceeds go to Charity. Chill Willis, voice of Francis The Mule, and Minnie Pearl, Grand Ole Opry's authority on catfish, a man who has been the big attraction of the big autumn fair program. Minnie will be on tour for a jamboree circuit, and will fly from a Purina mill opening in Spokane to the dinner in Houston. Bill Williams has contributed thousands of dollars to charity and he is a leader in juvenile projects in the states of Texas, Oklahoma, and California. McDonald is arranging dates starting this week in Texas followed by his first appearances in the states of Missouri and Arkansas. After this he goes to National Barn Dance in Chicago and on to Michigan for night club appearances in Detroit, and two other cities.

His newest on Capitol is "Hi Diddle Dee," a novelty coupled with the old favorite "Worried Mind," and on both he teams with pop vocalist Helen O'Connell. Music City, U.S.A., Nashville, Tennessee, home of the Grand Ole Opry has been a busy site for the past few weeks with practically every major recording manager in the business there for recording sessions with top country artists. Steve Scholes, RCA Victor A&R man, Ken Nelson, Capitol A&R man, and Pat Cohen for the Decca company, have all been on the scene getting the best of wax for the fall season. Capitol's new law is due in town this week or the next and Dee Kilpatrick, Mercury's A&F head has permanent offices in the city.

Buddy Killen and Floyd Robinson are now working as the "Jack and Daniel" act, inasmuch as Anny Lane (Decca) has entered the service and was a former partner with Floyd in the act. Big Jim Hess, veteran DJ at WIVK, Knoxville, Tennessee, has just completed plans to do TV stints for the new TV station, WTSK when it goes into operation this week. Mary Waterston, Buckley Record manager real busy fixing up her new home.

Location Contracts Help Stabilize:

Here and There KIDDIE RIDE BIZ

YOSEMITE NATIONAL PARK, CALIF.—“Despite some forecasts and fears of an early recession or depression, I believe the coming year, 1954, will establish an all-time high in the production, distribution and consumption of consumer non-durable goods and services”, predicted J. W. Keener, vice president of the B. F. Goodrich Co., in a speech to those attending the fifth summer management conference sponsored by the Institute of Industrial Relations and the schools of business administration of the University of California, held last week. He said the United States will enjoy in 1954 one of the most prosperous years in history.

PHILADELPHIA, PA. — Jack Sheppard, who was one of the originators and was instrumental in organizing a music operators association in Philadelphia, returned to the city after an absence of some years. Sheppard has once again started an operation of music machines, and is appalled at the operating conditions in the city. He lays the blame on the operators themselves who haven't made the slightest effort to assist themselves thru the offices of a strong association. With the assistance of several substantial music operators, Sheppard will devote considerable time from now on to bring the city's operators together into a strong organization.

CHICAGO—A new kind of dining service will be introduced on a day train which will be initiated between El Paso and Albuquerque on Sunday, September 27, by the Santa Fe Railway. The train, featuring Fred Harvey food—traditional with the Santa Fe—will have a Lunch-O-Mat coin machine that will vend neatly packaged hot and cold sandwiches, as well as juices, coffee, milk and pastries. Hot sandwiches will sell for 35c; cold sandwiches 25c; coffee 10c; milk and juices and pastries 15c. The machine, made by Lunch-O-Mat Co., New York, is about the size of a kitchen cabinet.

AUSTIN, TEX.—Kiddie rides, such as horses, boats, airplanes, etc., are subject to a tax in this state, if it takes a coin to run them. This ruling was made by State Attorney General John Ben Shepperd. Texas taxes coin-operated machines according to the number of units. Shepperd said the levy applies also to “skill or pleasure coin-operated machines.”

The one big factor that is actually stabilizing the kiddie ride business, at least according to leaders in the field, is that the greater majority of the operators of kiddie rides have been sufficiently intelligent to obtain location contracts.

For many years this publication has urged operators of all types of machines to obtain legal location agreements, so as to assure themselves of retaining their equipment in the locations, at least until the period of amortization is completed.

The Cash Box has, at the same time, reprinted some of the location agreements which have held up in many court cases and, thereby, have proved to be the best insurance the operators have for retaining their locations for a definite period of time.

The vending machine and automatic music operators have been among the most persistent in attempting to obtain location agreements. The games men, for some reason or other, have gone along without trying too hard to obtain such agreements from their locations.

But it fell to the lot of the men engaged in the newest division of the industry to make an all out effort to assure themselves of retaining their locations by legal, contractual agreement. These are the kiddie ride operators.

They have, in many cases, only installed their equipment where they have been able to obtain such agreements from the location owners.

This has acted as a stabilizing influence. It has helped assure them that they would be able to amortize their equipment and, in some cases, has acted as the brake to hold back competition, which might have been ruinous to them.

The need for such legal location contracts is not due to the fact that the kiddie rides are priced higher than the present day automatic photographs, vending machines or amusement games. Rather from the fact that there are so many long distance operations where the operator never meets the store manager and, in some cases, never even sees his equipment for many months.

One well known sales manager advises that his firm has drop-shipped kiddie rides to certain chain stores and that in one case, with which he is familiar, the ride has been there for nine months without the operator ever having seen it, or seen how it was located, or where it is located, or having even seen the store itself.

All that time, of course, the operator has been receiving his check from the headquarters of the chain and, included in the detailed report of the earnings arrangement, is the name and address of this store from which this operator receives a goodly income.

The fact remains that because of this type of operating not only do the kiddie rides have to be mechanically perfect, or about as perfect as any mechanism will ever be in the industry but, at the same time, the operator must have a contractual agreement with the location owner to assure himself that his equipment will remain where it is placed.

Kiddie ride operators believe that far over 65% of their fraternity now have location agreements. They consider this figure quite conservative. In fact, some have stated that regarding contracts with locations, as far as they themselves are concerned, range in the 90% category. Of course, this is the unusual, rather than the usual, case.

Yet because of these legally contracted locations the kiddie ride business is more stabilized than almost any other division of the industry.

The fact that the kiddie ride business is now undergoing some growing pains does not mean that it will fall by the wayside.

It instead means that, once these growing pains have been worked out, the field will be more stabilized than ever before. It will be able to go ahead faster than it ever has because it is so strongly entrenched in the locations where kiddie rides have proved themselves profitable.

The fact remains that, where the operator is strongly entrenched in a location, due to legal contractual agreement with the location he has every opportunity of amortizing the cost of his capital investment in his kiddie rides and, therefore, will certainly begin to show profit on this investment while, at the same time, being assured of his retaining the same location for all new equipment he desires to feature therein.

This means that the kiddie ride business, regardless of its present day growing pains, is a more stabilized business than many others in this industry.

It will continue its growth, as it gradually comes out of its growing pains, to an assured and better future.

When you see the new Rock-Ola "Comet" line, you will be looking for the first time on products that were developed from the suggestions that operators have made! They had hoped for them but had never expected to see them. You will understand when you look at this equipment why we have been saying in all our advertising "you asked for it." Keep in mind as you look over this equipment that it represents the last word in coin-operated phonograph engineering. One glance and you will see many outstanding features that will make you desire to operate the equipment. Regardless of the phonograph equipment you now operate you owe it to yourself to look at the "Comet."

KIDDIE RIDE BIZ VERY MUCH ALIVE

Manufacturers, Distributors And Operators Refute Statement "N. Y. Kiddie Ride Distributors, Ops Set To Throw In Sponge" Made By "The Billboard" In Its September 19 Issue

NEW YORK—The irresponsible and unfounded story which appeared in The Billboard's September 19 issue, headed "N. Y. Kiddie Ride Distributors, Ops Set To Throw In Sponge" has reverberated thruout the industry, from operators, distributors to manufacturers. Those firms with large investments at stake, have rushed forward to refute the statement (even The Billboard itself, in the following issue, September 26, states it "... incorrectly stated that New York distributors and operators were leaving the Kiddie Ride business" and "... The Eastern kiddie market is still very active.")

However, whatever, harm that has been done thru this type of reporting has already been done. It is hoped that it isn't too damaging.

The Cash Box, recognizing immediately the fallacy of this statement, approached leading operators, distributors and manufacturers for their opinions. We reproduce herewith statements by officers of these companies:

"I was one of the first operators in this area to start operating kiddie rides. Naturally, the first product was the kiddie horse. I used those of several factories, and the operation was extremely profitable. With the introduction of other rides, airplanes, boats, animals, etc., I kept expanding and improving my operations. I have a substantial business going today, and emphatically do not intend to throw in the sponge. As a matter of fact, I am paying more attention to the kiddie ride operation today than I ever have. After I had been in the business for about a year, other operators came into the field, which hurt me as some of them tried to get into my locations and their business ethics weren't of the best. I have been able to withstand this tough (and unfair competition in many instances) because I had contracts signed with the locations, and in addition gave them the best and most attractive rides. You can state that I'm in the kiddie ride business by today."

Joe Kochansky
BAY RIDGE MUSIC

Our operations of kiddie rides thruout New York and New Jersey are very extensive, and we are extremely happy over the very healthy condition it enjoys. It is absolutely amazing that any trade publication in the coin machine industry would make a statement that operators in New York are "set to throw in the sponge." As a matter of fact, we are continually expanding our coverage with kiddie rides, and expect to continue on for many years of profitable operation.

Ed Burg
RUNYON OPERATING
DIVISION

My experience in coin operated kiddie rides is in both the distributing and operating fields. My operations continue profitably, and I shall add new equipment as it comes out, and as the operation dictates. As to our distributing end, we have sold plenty of machines, and I predict that the trade will see many great machines continue to be produced by our leading manufacturers, and placed on locations where they will bring in good profits for the operators. Far from my throwing in the sponge, I am actually making plans to improve and expand my operations.

Albert Simon
ALBERT SIMON, INC.

It's most puzzling how The Billboard would make a statement that the New York distributors are "set to throw in the sponge." As a distributor for Bally Manufacturing Company, Runyon Sales Company has sold untold numbers of kiddie rides, "Champion" horse, "Space Ship" and "Speed Boat," and not only have all these machines been paid for, but operators are re-ordering continuously. The kiddie ride business is a substantial business today, and we will continue to be connected with it as long as it stays in existence—and it looks like it will stay around as long as any other type of coin operated machine.

The Manufacturer's Viewpoint

JACK NELSON

CHICAGO, ILL.—Not long ago, it was necessary for children to wait until the Amusement Park opened or the Carnival came to town in order to have a ride on a mechanical horse. It took the coin-machine industry to change this condition and make it possible for the children to have a ride on a mechanical horse, or other coin-operated rides in the child's own neighborhood. So, the coin-operated ride business has flourished by developing a new merchandising slant to an old tried and true idea.

With the aggressive policy of our nationwide distributor organization, it did not take long before the large Chain and Department Stores, together with many other location owners realized the value of Kiddie Rides from a business stimulation standpoint. Also, it did not take long before, merchants were cognizant of the idea of drawing business into their establishments and making money at the same time on the equipment.

FIVE MILLION CHILDREN CAN'T BE WRONG!

Statistics prove that over five-million children will be born in 1953, and this rate is expected to increase as the years go on. Each time a child is born, a new prospect as a Kiddie Ride customer has been developed, and this will go on year after year, as long as there are children born.

The stability of the business has been proven conclusively because the largest Chain Store executives have not only considered the value of coin-operated Kiddie Rides from the standpoint as a business stimulator, but

also as a huge money maker. As one Chain Store executive has advised us, the Kiddie Rides in their stores make more NET profit per square inch than almost any other product sold in the store ... And, without an attendant present.

MAIL ORDER OPERATING

The wise and conscientious coin-machine man has realized this new trend in operating, which has made it possible for the first time to operate at long distances BY MAIL.

Many National Operating Companies operate over several States. These operators very often have their equipment drop-shipped direct to the location which is generally in operation for many months before the operating company has ever seen the equipment on the location. In several instances, Bally Kiddie Rides are in operation on locations where the operator has never seen the equipment in the place since it has installed. Collections are made by mail.

The store owner, or Manager, or the employee delegated to this job opens the cash box, reads the meter and sends the check to the operating company for his commissions once a month regularly. *Is there a sweeter operating deal than this?*

LOCATION CONTRACTS

In the existence of coin-operated business, there has never been any equipment operated on a contract basis to the extent that Kiddie Rides are now being operated throughout the country. Small stores, as well as the large Chain Stores appreciate the fact that a contract can be made between the operating company and the store, and readily sign the contracts presented by the operating company. Some contracts are for one-year, and others for longer periods. *This condition has not existed in the industry until Kiddie Rides were promoted into the largest and most successful business establishments in the United States.* Super Markets, Department Stores, 5c-10c and \$1.00 Stores, and other business establishments are only too willing to sign contracts presented to them by the operating companies, if they are presented in the right way.

In conclusion, there are five-million new customers born each year for equipment that can and is operated by mail-order on a contract basis, at a real profit!

KIDDIE RIDE BIZ VERY MUCH ALIVE

Manufacturers' Viewpoint:

J. A. (ART) WEINAND

CHICAGO—"The kiddie ride business is the healthiest deadman in the industry!"

With this stinging comment, J. A. (Art) Weinand, general sales manager at Exhibit Supply, one of the largest kiddie ride manufacturers, helped shatter the myth spread a few weeks ago by a weekly tabloid that the kiddie ride operators and distributors have drawn their last breath.

"Despite the 'rumor' that the business has 'thrown in the sponge,' the industry is actually booming along at a comfortable rate," Weinand added.

Weinand said that more and more chains of department stores, variety stores and supermarkets, are accepting kiddie rides as a necessary part of their store operation.

"There are more kids of the age that patronize kiddie rides (3 to 10) than ever before in the history of the United States," he reported.

"The more kids there are the more customers for kiddie rides."

Exhibit Supply was the pioneer company in the manufacture of kiddie ride machines three and a half years ago. The company is licensed to build "Trigger" by Roy Rogers; "Rudolph The Red Nosed Reindeer" by Robert May, Rudolph's creator; "Space Patrol" by the Ralston Purina Co. and "Silver," "Scout," and "Blackie" by the Lone Ranger.

"Production," Weinand reports, "is on the upswing, with sales going to such far off places as South America and Canada, in addition to other countries throughout the world."

MIAMI, FLA.—As manufacturers of kiddie rides, our experience is that with every passing month our sales keep hitting all time highs and is on the ascent.

A good part of the harm which has affected our business, has been done by fringe operators and poor business men who had an idea they could get rich quick by buying and installing "Jerry-Built" equipment, which has backed up on the operators as it doesn't work properly and looks bad, resulting in location owners and the

public developing an apathetic feeling toward the machines.

However, those operators who have the better type equipment are still very much in the business and will be for a long while.

Bert Lane
THE BERT LANE COMPANY

Regarding your request that we comment upon an article that appeared in another trade journal last week, we can only say that this is one of the worst pieces of trade journal reporting that we have noted in our years of experience in the coin machine business. To our mind one of the first requisites of good reporting, is to have facts substantiated and certainly the so-called facts as outlined in this article were not checked before publication.

Over the years we have seen a good many manufacturers, distributors and operators fall by the wayside and frankly we could not put our finger on any one piece of equipment or division of the industry where such business fatalities have not taken place. The Kiddie Ride business of course is no exception. Music has had its share of failures as has the game end of the business and of course we must not forget vending.

From all that we can learn however, all facets of the industry are still going strong and again, Kiddie Rides are no exception to the rule. We at METEOR are still hard put to keep up with orders and as we understand it, other manufacturers in the field find themselves in a similar position. This hardly indicates that the industry is about to fold.

We have no means of knowing the source of information contained in the article mentioned but we have little doubt that it came from distributors and operators who rode the crest of the wave and who have absolutely no idea of how to actually merchandise or sell equipment when the lush days are over and it is necessary to dig for business.

We can point to hundreds of operators throughout the country who are very successfully operating Kiddie Rides, not a few of which have 500 or more rides operating and their routes are ever being increased.

As far as profitable locations are concerned, it is our frank opinion that the surface has hardly been scratched. In a good many instances locations who have had Kiddie Rides for the past several years are going in for multiple operation. We know of some high class retail establishments where such operations have expanded to as high as 18 Rides in one store.

All in all, we would brush this article aside as so much "hog wash" and we are quite certain that those in the coin machine business who know what it all about will take the same attitude.

ROCK-OLA DISTRIBS SHOW '54 LINE

"International Rock-Ola Days", Sat., Sun., Mon., October 3, 4, 5, Will Give Music Ops First Peek at New Rock-Ola "Comet Fire-Ball" Phono, "Comet Wall Box" and "Comet Playmaster". Factory Advises Advance Orders Have Set New Sales Record.

DAVID C. ROCKOLA

CHICAGO.—Music operators all over this nation, and thruout many foreign countries, will be able to obtain their first look at the new Rock-Ola "Comet Fire-Ball" phonograph, as well as the "Comet Wallbox" and the "Comet Playmaster", the new, 1954 line of Rock-Ola Manufacturing Corporation, this city, during "International Rock-Ola Days," Saturday, Sunday and Monday, October 3, 4 and 5, 1953.

"This," as David C. Rockola, president of Rock-Ola Manufacturing Corporation stated, "is the phonograph as well as the accessories that the music operators asked us for."

The Rock-Ola distributors have made elaborate arrangements for "International Rock-Ola Days."

Not only will each one of the firm's distributors show the new "Comet Fire-Ball" automatic phonograph, as well as the new "Comet Wallbox" and the "Comet Playmaster," but they will, at the same time, from all advance indications, also have entertainment, artists, and complete tables of beverages and fopds of all kinds.

There will also be much interesting data for the music operators who will attend the showings of the new 1954 Rock-Ola line.

Most impressive was the statement of David C. Rockola long before the showings.

He said, "Advance orders have set a new sales record for our factory."

This gives some idea of the immediate acceptance of the new Rock-Ola 1954 line by all of the firm's distributors who continued to arrive at the factory here in Chicago for days prior to the actual showings which they were told about.

Many months of intensive and diligent effort have gone by since the first engineering and designing efforts for the new '54 line of Rock-Ola phonos and accessories.

Actually, as the firm reported, these were built to meet just what the nation's music operators asked for.

This is what the operators, themselves, wanted, and what they asked the Rock-Ola distributors, regional salesmen and factory executives for.

As J. Raymond Bacon, executive vice-president of Rock-Ola Manufacturing Corporation said sometime ago:

"It is our purpose to design and engineer only such products as the music operators, themselves, definitely want and need and which they, themselves, know will earn them greater profits while assuring them of trouble-free operation plus the good will of the location owners and the public."

This has been accomplished in the new, 1954 phonograph, wall box and "Playmaster" of Rock-Ola, according to David C. Rockola, president of the firm.

"Furthermore," as Rock-Ola reported, "the fact remains that this accomplishment won the tremendous approval of everyone of our distributors who are, after all, the medium through which the operators of the world speak to us.

"These distributors of ours," he continued, "have absolutely deluged us with advance orders, to the point where we find we have a brand new sales record for any automatic music equipment we have ever built, over the many years we have been building music equipment for the industry."

Many of the distributors of the firm have extended personal invitations to one and all to attend their showings.

As some of these men stated, "International Rock-Ola Days" will absolutely thrill every single music operator in the world."

"For," they continued, "the operators will now be able to see the very equipment which they, themselves, have always wanted. Just what they, themselves, asked for, and what they, themselves, know will assure them better operating as well as the biggest, steadiest profits they've yet earned in the automatic music industry."

Executives and sales personnel of Rock-Ola Manufacturing Corporation are expected to attend showings at various places thruout the country.

It is expected that David C. Rock-Ola will again be present this year at his Chicago distributor's showing, World Wide Distributors, Inc.

Busiest days at the factory were this past week, and part of this week, with the firm's executives answering every request of their distributors all over the nation, and in foreign countries, in an effort to supply everything possible to make each distributor's "International Rock-Ola Days" most outstanding.

Survey Shows:

Only Small % Of Nation's Juke Box Ops Have Swung Over To 10c Play

CHICAGO.—A survey just completed shows that only about 8% to 10% of the nation's juke box operators are today featuring 10c play.

The fact remains that, in most areas, at least according to reports, conditions are such that the operators do not believe the public will invest a dime to hear juke box music.

In other territories there is much contention regarding whether dime play can help to increase juke box income.

In the majority of territories the statement is always the same—that since the other operator won't—this operator can't switch his equipment over to dime play.

Many ops are going along on the theory that the juke box is strictly a 5c play machine.

They intend to stick at the nickel, regardless of the fact that, in the majority of such cases, these operators are actually losing money.

As one well known operator explains, "Yes, I'm sticking to nickel play. But only because I can't go to 10c play due to the fact none of the others, here in this territory, will go along with me.

"Of course I'm losing money," he says, "because if I were to figure myself in for the salary which I deserve for the many hours I put in on my route I would actually have to go out of business.

"As it is," he claims, "I draw what-

ever I possibly can, as little as I possibly can, so that I can continue in business."

Others have a variety of reasons why they can't get started on 10c play.

In the vast majority of cases it seems that, the some of the ops want to test 10c play, in an effort to learn whether or not they will show better income, they can't get the others in their areas to go along with them.

What's even more important is the claim that they just can't get the location owners to agree to change over to dime play.

One well known operator puts it this way, "I don't know how much longer we can continue on this basis. Our play fell down this past summer. Our overhead continues to increase. Taxes are higher. Licenses fees are being hiked in this territory. And the cost of new equipment is so much higher it is impossible to see any profit in this business anymore."

The results of an experiment with dime play by operators in Northern New Jersey resulted in the continuation of dime play, but actually it's still the nickel per record basis. These men are operating their machines on the basis of 2 plays for 10c; 5 for 25c. The advantage, they point out, is that there's a slight improvement due to quantity play. This slight increase in gross income, they claim, tends to give them a little breathing space—the difference between profit and loss.

BADGER NOVELTY COMPANY

MILWAUKEE 10, WISCONSIN

CHICAGO.—"There's no slowdown ahead for the coin machines industry," is the way one noted manufacturer here put it.

Another said, "Yes, we've noted the declines in the Stock Market and also the softening in some of the hard goods and appliance lines, but, as far as we're concerned, business is better than ever."

One manufacturer even went as far to report, "Regardless of what general conditions may seem like in the business and manufacturing world, as far as we, in the coin machine industry, are concerned, all we can see is that every manufacturer who has introduced new equipment so far this Fall season, has been so overwhelmed with orders that he has found himself with a new sales record for his firm."

So it goes thruout this manufacturing center of the coin machines industry.

In fact, many of the distributor and operator leaders here believe that, "new records are bound to be set for the business has already gained such a head start this Fall it is bound to exceed anything that has happened in a long time."

Of course, much of this is predicated on the fact that shuffle games are now operating here with complete sanction of the city, and though pinballs are not as yet in operation, even though they have been okayed by a bill signed by the Governor of the State of Illinois, the operators are very happy.

In addition there are many here who are of the belief that cigarette vending machines may be operating here by January 1, 1954.

Should this come to pass there is every indication that many of the city's leading operators will throw themselves into such operations, regardless of the possibility of a \$120 per year license fee, the high cost of merchandise and machines.

There are estimated to be over 30,000 locations for cigarette machines in this city.

But what is most impressive to all is the fact that some of the manufacturers haven't even dared to publicly announce or advertise some of their new products because their distributors absolutely overwhelmed them

with orders to the point where they are already backlogged before official announcement.

The amusement manufacturers were first to catch the enthusiasm and optimism which seems to predominate the field at this time. They found themselves practically sold out even before they officially announced their new games.

The music business here is also going ahead at top speed. One of the most outstanding examples of what new equipment can mean to any factory is the introduction of the new 1954 line by Rock-Ola Manufacturing Corporation.

David C. Rockola, president of this factory, stated that they had a new sales record on their hands even before the official showing of their new equipment.

The same has been found to be true in the vending machine line. In Aurora, where the Stoner factory is located, it is reported that this firm is far, far behind in delivery. To such a point where even their used machines are now commanding tremendous prices.

The same is true of the Bert Mills plant where their hot coffee machines are backlogged with orders.

Other factories here are in the same position. Many find that their biggest problem, as has been reported by The Cash Box before, is obtaining sufficient labor to step up their production, even in an effort to catch up with backlog orders.

In the words of one of the best known men here, "There's no slowdown ahead for this field for many, many months to come, if the present trend is any indication of the future."

As I See It

A Weekly Column
by
AL SCHLESINGER

I recently received a request to give my opinion on this question. "Do higher license fees keep new blood out of the coin machine business?" Apparently, there still must be communities where this problem exists. There could be many reasons for a high license fee! One reason could be, fanatic legislators, who, when they can't eliminate juke boxes in a legal manner are instrumental in placing a license fee upon these machines that make it unprofitable to operate. Some years ago in Alabama the State Alcoholic Beverage board prohibited juke boxes entirely. A parallel situation existed in the states of Maine, Mass. and Conn. In these states, no music could be played after 12 o'clock Saturday night, nor all day Sunday. This was relieved somewhat later when a special Sunday license was issued. When these situations occurred years ago, the operators were not organized. Hence they were compelled to accept the inevitable.

It was common practice years ago to lock up a town. By that I mean, that operators were able through political machinations to get special legislation through a license deal that not only kept new blood out, but, kept any operator from trying to break in. It was known as the freeze-out. The operator of these deals boasted far and wide that it was his town and it was locked up. In those days it was rumored that certain manufacturers were in favor of such deals.

Today, I would be absolutely against a high license fee. Not only because it would have a tendency to keep out new blood, but it would hurt an established operator. The news that a high occupational tax, plus a high license fee per machine was enacted would travel fast over the country. Other communities, not knowing the deal, would be prone to raise their fees without knowing the circumstances. Operators today who belong to city and state associations are in a position to combat this kind of situation. Unorganized operators are enter the coin machine business where they have a locked up town. How this could be a healthy situation for a distributor or manufacturer is beyond me. Sales are limited when you stifle competition, and I don't believe any manufacturer would look with favor upon the stifling of competition.

As I see it, new blood will only enter this business when they have assembled their facts and figures, and are certain they can make a living. Manufacturers and distributors have these facts and figures available. Operators who are members of associations have nothing to fear from new blood. If they are banded together for the common good of all they need not fear oppressive license fees. Through their associations they can operate with better commissions and earn a decent profit. In this manner they can keep their routes up with all the latest equipment and not fear new blood nor that parasite known as the fringe operator. Protect your investment through an association.

United Puts Back Night Shift

Step Up Number Of Employees To 1100

CHICAGO—This past week United Manufacturing Co. went another step forward in an effort to catch up with the backlog of orders that have accumulated for their "Royal Shuffle Alley", "Imperial Shuffle Alley", and their new bingo game, "Tahiti".

In addition to constantly increasing their labor force, now just past the 1100 mark, want ads still are being featured in all the papers here, as well as arrangements with all employment agencies to obtain more labor, a night shift has once again been instituted, beginning this past week.

United hopes that the additional help which they have put on, plus the night shift, will allow them to not only catch up with the ever growing backlog of orders but will, at the same time, get them to a point where they can, eventually, handle current business with instant shipments.

As Bill DeSelm, general sales manager of the firm said, "We doubt very much, at this time, whether we will as yet, night shift or not, be able to completely catch up with the orders we have on hand.

"In fact", he continued, "We are trying to satisfy everyone of our distributors as best as we can, and as fast as we can, with whatever number of machines we can ship to them."

AMI Sends Distributors Title Strips Pointing Up Selling Features Of "E"

BILL FITZGERALD

"Their brief messages arouse interest and curiosity," explains Fitzgerald. "With the advantages of the 'E' program panel at eye level for easy reading, the operators will glance over the positive selling points set forth on these strips. I call it 'strip teasing'. Moreover, these new strips serve another important purpose. They cut out a lot of confusion which results because titles and strips often become mismatched on floor models after handling. With these new 'strip teasers' in the box the distributor can put records in any which way, and never have to worry about some operator prospect getting a different tune than the one he selected because the wrong record got in the wrong place."

Mencuri Finds Self Well Known In New Territories

FRANK MENCURI

NEW YORK—Frank Mencuri, Chicago Coin Machine Company, Chicago, stopped off in New York City for a few days, while traveling thru the east.

Mencuri reported that operator acceptance of ChiCoin games is so great that the factory has a problem in keeping shipments going out rapidly enough to meet the orders distributors have on hand.

During his conversation with your reporter, Mencuri paid The Cash Box a wonderful tribute. "During my travels," stated Mencuri, "I covered

territories I'd never been to before, and met with numbers of operators whom I had never met. In every instance The Cash Box was in evidence, and the operators remarked about having seen my picture in The Cash Box. It made for immediate closer relationship, which helped solidify the sale of ChiCoin products."

Chicago May Rule Out Ball Gum Trinket Vendors

CHICAGO—In July of this year, Philadelphia officials claimed that gum ball machines offering trinkets are to be treated as gambling machines.

Th's past week, Corporation Counsel John J. Mortimer of Chicago indicated he will rule that gum ball machines that also offer prizes are illegal.

Mortimer's opinion is "If a kid was sure he'd get one of those little toys each time he dropped a penny in the slot that would be one thing. But if he plays the machines, hoping to get a toy, that's a game of chance."

Chi City Council Hears Arguments On Proposed Cig Vending Amendment

CHICAGO—The City Council subcommittee on licenses this week heard arguments against a proposed amendment to the municipal code which would legalize cigarette vending machines here.

One of the few cities in the country which still prohibits the use of such vending machines, Chicago seems to question the propriety of allowing a legitimate business to operate in its confines, and also seems oblivious to the possible increased source of revenue.

The principal speakers in opposition to the amendment were Phil Fuchs, executive director of the Chicago Association of Tobacco Distributors, James Harrington, attorney for the association, G. Lewis Penner, executive director of the Juvenile Protective Association and Jack Schwartz, representing the National Association of Retail Tobacco dealers.

Fuchs, in a prepared statement, attacked the proposal as a plan which would make "indiscriminate availability of cigarettes to minors" possible. He denied that vending machines would increase the city's revenue and also questioned the background of vending machine operators, alleging that some of them had criminal backgrounds.

An executive of the National Vending Machine Company of St. Louis later told the council subcommittee that many of the wholesalers in the association which Fuchs heads are either supplying venders in other cities or are anxious to go into the vending machine business in Chicago if the code were amended.

Penner's remarks were concerned with the possible contribution to juvenile delinquency by "placing temptation in the path of minors and making it easier for them to violate the law."

Proponents to the measure indicated that approximately 13,000 locations in Chicago are legitimate retail tobacco outlets over the 15,000 retail outlets now licensed by the city. Fred Brandstrader of the National Automatic Merchandising Association earlier pointed out that Chicago at present has only four retail outlets for every 1,000 persons compared to an average of nine outlets per 1,000 persons for 17 cities where vending machines are in use. Thomas Thomas of the NAMA also stated that the amendment would be worked out to permit machines only in places not accessible to minors or where machines are under constant surveillance.

Klein Back After Coast Trip

NEW YORK—Herb Klein, sales manager for International Mutoscope Corporation, Long Island City, returned this week from an extended trip which took him to the West Coast. Klein started his travels west after attending the NAMA Show in Chicago. He visited Mutoscope customers throughout the nation before returning to the factory.

"I enjoyed the trip immensely" stated Klein, "from the standpoint of pleasant meetings with our clients, as well as the number of orders for our 'Photomat' with the new features."

The machine is in full production, advised Klein, and shipments are being sent out in goodly numbers.

New Feature of "The Confidential Price Lists" Gives Efficient and Quick Coverage of Most Active Equipment Of The Week

CHICAGO—Beginning with this issue of *The Cash Box*, "The Confidential Price Lists" will carry a new feature which should prove of efficient help to all interested in used equipment of all kinds.

This new feature will be: "This Week's Most Active Used Machines." Here will be listed only those machines which were most active during the week.

There will be no indication in this feature as to whether the prices of these machines went up, or down, or remained stationary. This will be contained in the regular lists.

But the reader will be able to quickly gather which machines were the most active during the week and this will give him the information which he requires for trading, selling or buying.

Chain Stores Check Coinbiz

CHICAGO—Reports current here are to the effect that many of the nation's leading chain stores are more closely investigating the coinbiz.

This has come about, these reports state, because of the success which the chains have been enjoying with kiddie rides and other coin operated equipment which they have so far installed.

Some of the chains plan to put managers in charge of their coin operated machines department, the reports state, and it may soon come to pass where dealings with the chains will be thru experienced coinmen.

The check-up which is reported to be under way is to seek out other machines which will prove just as lucrative as have the kiddie rides for these stores.

In the main, the chain stores are extremely happy with the results which they have enjoyed from the rides and other coin operated machines they have so far installed, and believe that they can handle much other equipment in the field which will bring them profit from the huge traffic of people they enjoy in their stores daily.

Miami Amusement Ops to Hold Third Annual Dinner

W. M. BLATT

MIAMI, FLA.—The Amusement Machine Operators Association (AMOA) will hold its third annual dinner and dance on Saturday night, December 12, at the Saxony Hotel, Miami Beach, according to an announcement by Willie Blatt, president.

Last year the banquet was a tremendous success, and it is expected that the 1953 affair will be much better, as now cigarette machine operating firms are members of the organization.

The souvenir journal, issued at the same time, is already guaranteed as

a success, as Joe Mangone, who recently returned from a visit to Chicago where he saw all the manufacturing firms, advises that these firms will all be represented with advertising.

Heavy Registration For Lieberman-Bally Service School

MINNEAPOLIS, MINN.—According to Harold Lieberman, president of Lieberman Music, this city, the Bally Service School scheduled to be held on October 12 and 13 at the Lieberman Music Co. will have a big class of operators and servicemen. This is based on reports of advance registrations already in.

Each state in the Bally territory served by Lieberman, Minnesota, Iowa, Nebraska, North and South Dakota, is already well represented in the registrations on hand. Bob Breither of the Bally engineering staff will be in charge of the school.

ROBERT H. BEAR

Cleveland Ops Re-elect Jack Cohen

CLEVELAND, OHIO.—Jack Cohen of J. C. Music Company, this city, will add still another year of leadership and service to the Phonograph Merchants' Assn. of Cleveland. Cohen was re-elected president of the group at the annual election meeting at the Ops' Hotel Hollenden office. Cohen was one of the founders of the group 15 years ago and is a staunch supporter of the successful Hit Tune parties of Cleveland.

Jim Ross of J. R. Music won re-election to the post of vice president and Sanford Levine will serve another year as secretary-treasurer and advertising director. James Burke will

LOS ANGELES, CALIF.—Bob Bear, sales manager of The Rudolph Wurlitzer Company, North Tona-wanda, N. Y., who was visiting with the firm's distributor here, Paul A. Laymon, Inc., was thrilled with his visit to station KLAC-TV where he viewed the Peter Potter "Juke Box Jury" show.

Bear, in the company of Paul and Lucille Laymon, Gary Sinclair, and Ed Wilkes attended the Peter Potter show. Not only did they see the show, but they themselves were seen thru-out the nation, as well as the model 1500 Wurlitzer juke box, which was used on the show.

Many of the Wurlitzer officials, distributors and operators have informed us that they were able to identify Bear and his party on several occasions when the camera picked them up.

Tom Burke, N.J. Coin Leader, Dies

TOM BURKE

ELIZABETH, N. J.—Tom Burke, one of the industry's best loved and highly respected coinmen, died on Thursday, September 24, at the age of 59, after a long illness.

Burke, who had spent 22 years in the coin machine business, was a partner in Seacoast Distributing, this city, distributors for Rock-Ola phonographs. In addition, he was one of the foremost operators in the state.

Burial will be on Monday, September 28, at 9:15 A. M. from Daniel J. Leonard & Son Mortuary, 242 W. Jersey Street, Elizabeth.

Surviving are his wife, Helen McCormick Burke; brothers Cornelius and Daniel; sister Mrs. Edward J. Faughnan; and two daughters, Mrs. Stanley J. Gural and Miss Jean Ann Burke.

Tratsch, ABT, Returns From 5 Month Tour

CHICAGO—Mr. & Mrs. Walter A. Tratsch of ABT Manufacturing Corporation are home after a five month tour through 11 countries in Europe and parts of North Africa.

The trip, partly for business, partly for pleasure, took the couple through England, Southern Ireland, Wales, Switzerland, Holland, Belgium, West Germany, France, Spain and Italy. In Africa, they visited Tangier, Casablanca, Rabat, Fez, Meknes and Marrakech.

Tratsch reports the European coin machine business is ready for a big boom. Production is on the increase, they say, and the consumer dollar going into coin machines is growing larger every day.

"Vending machines are everywhere," Tratsch reports. "Many of these machines are right in the street in German, Swiss and Dutch cities and handle a variety of items like clothing and food."

In Frankfurt, the Tratschs saw a big pin game exposition but fortunately missed the coup d'etat in Marakech in which the Sultan was deposed by about ten days.

On the business side, they saw a host of their European customers and came home with a better picture of the immediate needs of the industry.

"The European product," Tratsch said, "is still inferior to the American but they are improving production techniques daily."

Commercial Music To Represent Wurlitzer In El Paso Territory

NO. TONAWANDA, N.Y.—The Commercial Music Company, Inc., of Dallas, Texas, headed by Raymond B. Williams, president, will assume responsibility for Wurlitzer sales and service in El Paso, Texas and surrounding territory in that state, effective immediately. Announcement was made by Robert H. Bear, sales manager of The Rudolph Wurlitzer Company.

In making known the territorial reassignment, Bear said, "This territory was formerly covered by Maestro Music of Tucson, Arizona. J. F. Cacioppo, Jr., who heads Maestro, agrees with us that it can be more easily and completely covered by the Commercial Music Co., Inc., which currently maintains offices in Dallas and San Antonio. Maestro will continue to represent Wurlitzer in the entire state of Arizona from its head-

quarters in Tucson. Maestro has recently taken on the added responsibility of the dealership for Wurlitzer pianos and organs in Tucson."

In discussing the addition of El Paso to the Commercial Texas territory, R. B. Williams said, "We have retained the services of Harris Porter, long connected with various Wurlitzer distributorships, as manager for the El Paso area. He will be backed up in the service department by Harold Perkins, who has had a wealth of experience in Wurlitzer service and parts work while connected with our Dallas office."

It is planned that both Porter and Perkins will make their homes in El Paso and until permanent arrangements are completed, parts and equipment can be obtained by El Paso area operators by overnight service from Dallas.

CALIFORNIA CLIPPINGS

LOS ANGELES

After returning from a business trip to Chicago, Jack Dolan, surprised everyone with the announcement that he'll open his own distributorship along West Pico on October first. Friends flocked around to wish him every success in the new venture . . . Charley Robinson prexy of C. A. Robinson and Co. says he has to stand at the door with a club in his hand to keep a sample of the new United "Tahiti" pinball game on the floor. Local operator Albert Taunembaum says he's very pleased over his recent purchases of the new United "Imperial" Shuffle Alley. Al Bettlemann chimed in with the statement that the United factory is putting out some of the finest equipment on the market to which everyone agreed . . . At the Wm. H. Leuenhagen Company prexy Bill Leuenhagen keeps busier than ever as his customers drop in to check over the latest games. Over in the Record department Mary and Kay Solle are going through some of the busiest weeks that they have ever had. Several recording artists dropped in to see them recently including: Cass Daley (Decca), Walkin' Charley Aldrich (Intro), Georgia Carr (Capitol) and April Stevens (King) . . . Met Mort Loeman, Max Moore, Al Hanlin and Asie Stein. These ops operate from the same building over on Catalina street. Quite a sight to see all four trucks parked out in front with the red lift tail gates shining in the sun. Atsie and Max rush around checking their kiddie rides while Mort dashes out on a service call. Al stays behind to type out title strips for his juke boxes. To prove to everyone that he's an old timer in the coinbiz Al comes up with some old copies of the Automatic Age dating back to the early thirties. He proved the point and wow-those bathing suits! . . . R. E. Smith of Automatic Enterprises is busily looking for new locations to install his line of baseball pitching machines . . . While discussing the affairs of the day Mr. Robinson of R. H. Amusement Company said his business is good—locations are plentiful but it's a job finding help to cover the routes.

After taking over the reins at Dan Stewart Company, Bob Bever, is plenty busy getting around meeting all the operators. Says he's glad to have the help of Pete Leh, Johnny Kaigler and Barrowe to get everything organized . . . Operator Lloyd M. Russell of Honolulu, Hawaii was seen at the Auto Photo Company plant recently. General manager, Bryant Heren and sales manager, Van Natten played hosts and showed him around. Their distributor for Northern California and Reno, Nevada, Henry J. Leyser of Automatic Coin Amusement Company in Oakland, also dropped in . . . Bess Selbin of Selbin and Stein Hobby Horse Company came in from Detroit to take care of business with co-partner Atsi Stein. Atsie is moving out merchandise to locations as fast as he gets it in. Recently saw up new routes in the San Diego area and now he plans to extend operations on up the coast to Seattle . . . Missed the three musketeers Robert Bard, Marvin Jones and E. R. "Ed" Kendall over at Bard Distributing Company. You have to get up early and be plenty lucky to catch this busy trio . . . Ray Gottfried, vice-president of National Rejectors Inc., St. Louis, is now traveling along the West Coast with Western representative, Heinz Heddergott . . . The illustrious, hard working Lyn Brown stated recently that he doesn't even have time for that occasional dip in his swimming pool anymore. Lyn is now anxiously waiting for a shipment of Exhibit's new kiddie rides . . . Bob Bear, sales manager from the Wurlitzer factory and Gary Sinclair, district sales manager visited at the Paul A. Laymon Company recently. Meanwhile field service engineer, Walter Petet, continued to help out in the service department. Paul and Lucille report that the Frankie Laine—Wurlitzer contest is starting out with a bang with several entrants signed up already. Ed Wilkes, Charley Daniels and Jimmy Wilkins all agree that they are busier now than ever before with all the operators dropping in and the contest going strong . . . Sam Ricklin and Gabe Orland of California Music Company took time out to greet the new artist, Gale Clark, recently. She presented them with a personally autographed record of her late release, "Music of Love" and "The Unashamed" in the Pin Arts Label.

At Badger Sales Company we hear that the Lee's Carousel kiddie ride has become one of their big sellers according to prexy Bill Happel. The Badger crew will be pretty lost when their pretty secretary Eleanor Chabolla goes on her well deserved vacation. Things will be left in good hands though with Connie Chadez, Jean Reslaure and Dorsey Hokama taking over all the important details . . . Many out of town visitors were seen along the Pico strip recently: John Bennett of the Keenomatic Company in Taft stopped in briefly to take care of business. Don Edwards came in from Bakersfield and Jimmy Hill from Santa Monica. Other out of town operators included: Jack Gutshall from Corona; Don Gardner from San Bernardino; John Humman, John Wilkes; Dick Harrison; Fontane; Charles Koski; Long Beach; William Olsen, Oxnard; George Van Drake, San Bernardino; John Bennett, Taft; and Mel Heiman, Oxnard. Also Mr. and Mrs. Wm. Black from Bakersfield and Mr. and Mrs. C. W. Phumpley from Pomona . . . Phil Robinson is back at his desk hard at work after his jaunt through the Western states . . . Hank Tronick and Ed Wicker report that business at Minthorne Music Company is still going on at a furious pace. Found L. B. "Mac" McCreary, general manager of Solotone Corporation, working all by himself back in the shop. Wondered where everyone was. Found out that they were all off on vacations. Mac stated that he closes down and lets everyone off at the same time. That way he gets the town again this week. He's getting to be a regular visitor along coinrow. Spotted Lawrence Raya of Colton walking along Pico visiting here and there . . . Remember, if you are not a regular subscriber to The Cash Box it's time to get your order in now! Subscriptions are now being taken through your local distributor. Get that order into him now!

The Shrine convention in Minneapolis this past week brought thousands of Shriners and parade spectators into town. Among those attending the convocation were Mr. and Mrs. Art Hagness of Grand Forks, N. D. and Mrs. Rose Guillaume of Jefferson City, S. D. . . . EASTERN FLASHES

Most of the trade in this area, manufacturers, distributors and operators who are engaged in the kiddie ride business, plenty stirred up at the story which appeared in The Billboard, headed "N. Y. Kiddie Ride Distributors, Ops Set to Throw in Sponge." While most of them admit they didn't read the story, they heard about it by word of mouth. Even those not engaged in the kiddie ride business, but aware of the fact that their friends and associates are conducting operations, were shocked that a statement like this would be made, particularly when the kiddie ride business is quite active.

Hymie Koepfel, who has a tool in his hand anytime you walk into Koepfel Distributing Co., is sporting a smashed finger he got doing a little repair job around the house. Hymie spending long hours on the road to pick up used phonographs to fill the demand. Harry Koepfel looking well and rested after his vacation says "I feel fine as long as business keeps coming in as it is."

Jack Weiner, Penny Arcade, Lake Hopatcong, N. J., suffers a sudden heart attack and is inactivated. . . Tony De Marco's daughter, Catherine, to marry Daniel Derasmo. Tony operates an arcade in Coney Island. . . Joe Young and Abe Lipsky, Young Distributors, hoping for additional shipments of the Wurlitzer model 1500. Deliveries have been unable to keep up with the demand. . . Lou Herman and son Howard, in town. Lou and Howard operate the County Amusement Co. in Mt. Vernon, N. Y. . . Our good friend, Charley Aronson, who with Bill Alberg, were formerly owners of Brooklyn Amusement Co., Brooklyn, spends some time on coinrow chatting with friends. Charlie is inactive at the moment. . . Jack Semel, veteran operator, kidding Aronson about his absence from the coin machine biz and bringing him up to date on what's new in the past six months. Jack impatiently awaiting the arrival of what he is sure will be his third granddaughter. . . Al Simon, Albert Simon, Inc., ChiCoin and Genco Distribut, showing the new ChiCoin "Hi Speed Triple Score Bowler" with the large pin. Al elated with operator reaction and is already oversold on the game.

Irving Kaye, Automatic Towel Corp. of America, getting the dryers off the line and expects to have a supply in the hands of all his distributors within a week. . . Everything at 594 Tenth Avenue busy, busy, as painters and carpenters work to get the place ready for Dave Stern's Seacoast Distributors, Inc. in time to show the new Rock-Ola "Comet" 120 play phone. . . Barney Sugarman, Ruxton Sales Co., advises us he is asking all operators and servicemen to attend the A.M.I. Service School which started Saturday, September 26, and will continue to be held every Saturday thereafter. Classes will start at 10 AM and will be conducted by the A.M.I. factory engineer. Sugarman asks that all operators of A.M.I. equipment attend as it is for their benefit. . . Charlie Rubinstein, who has been running an arcade on 125th street for a great many years, opening another at 42nd Street and 8th Avenue. . . Morris Fine, Charlie Wertheimer's son-in-law, of Boston, Mass., died suddenly after a polo attack. Morris headed one of Charlie's arcades. . . Frank Mencuri, Chicago Coin, in town the early part of the week, after spending some time in Philadelphia. Frank left for Hartford, Conn., and then back to the factory in Chicago. . . Mike Munves happily complaining because he is so busy with export business on what is normally summer equipment that he can't find the time to set up his floor with fall and winter merchandise. Brother Joe Munves demonstrating a pop corn vendor that pops fresh corn on insertion of a dime. . . Marty Rosen, who many years ago was connected with Willie Blatt's Supreme Vending Co., Brooklyn, doing very well servicing amusement games for local ops. . . Nat Cohn, Riteway Sales Manufacturing Co., out of town.

NEW ORLEANS NOTES

With football in the air, operators are rushing in trying to get their equipment in tip top shape. The fellows want to be able to play hookey from their routes when the games start. . . What sounded like the French Market turned out to be Sam Tridico, Phillip Yaeger, Al Dargis, Jake Jacobs and Bob Buckley all talking football and pingames at the same time. . . Every operator in town clamoring for the new Italian novelty tune "Eh Cumpari" by Julius La Rosa. . . Congrats to Mrs. Johnny Rush who just became a brand new grandmother. Mrs. Rush just returned from a visit with her daughter and the baby. . . Prosopa Donnaud of Luling, La. sporting a brand new Mercury. . . Always a pleasure to see H. B. Nelson, Natchez, Miss. Nelson has operated coin machine routes for many years and is extremely well liked by everybody in the biz. . . Bill and Lillian Amann just back from a three week vacation that took them to San Jose, California and then to Los Angeles where they showed off their young Bill and were royally treated by their friends. . . Congratulations to Murray of Mallory Distributing. He and his wife are the brand new parents of the cutest bit of femininity named Maureen. . . Art Rupe of Specialty Records in town. . . Mr. Barron's daughter being married soon. (Barron's Music, DeRidder, La.) . . Congratulations to Clarence Hamann (WJMR) and his very pretty bride Joyce. "Poppa Stoppa" and Joyce were married last weekend. . . The Ice Cycles at the Municipal Auditorium getting a big play from the local operators and families. . . Mel Mallory, Capitol Records, off to see his kinfolk and inspect the farm in Alabama. . . Mr. Jeandron, Raceland, La., in town hunting for 45 records for those new boxes. . . Sorry to hear that Dot Bell leaving McCann's Music in Alexandria. Sorrier still for "Mr. Mc." who has to train a new girl.

THRU THE COIN CHUTE CHICAGO CHATTER

As the cooler weather comes in, this man's town gets busier by the week. The way business is moving at this time has everyone on their toes. And hustling along. Never so many hit machines introduced at one and the same time as there have been this Fall season. And more on the way, according to the manufacturers. So look for better times ahead . . . This weekend, Saturday, Sunday and Monday, October 3, 4 and 5, Rock-Ola distribut will be showing the new Rock-Ola "Comet Fire Ball" phono. The new Wall and Bar Box. And the new "Playmaster." These three days are known officially as "International Rock-Ola Days." In fact, talk about how big this new phono started, is just to listen to David C. Rockola who told us, "We have set a new sales record with the orders already taken for our brand new 'Comet FireBall.'" The factory's buzzin' along at top speed with everyone smiling and happy and sweating away trying to get that production stepped up to the point where all deliveries will be made as orders are received.

The kiddie ride manufacturers, distribut, jobbers and operators here were all simply stunned at the "throw in the sponge" story that appeared in that weekly tabloid which, somehow, also delves into the coinbiz. Not one of the kiddie ride coinmen here believe this to be true. In fact, if anything at all, they say, "The kind of people who throw in the sponge are the kind of people this business is best off without." And tho that's kind of twisting the King's English—it's absolutely the fact . . . Don't know of any better statement in regard to kiddie ride business than that made by Jack Nelson, general sales manager of Bally Manufacturing Co. You'll read it here on another page. But, as Jack always says, Business is good for those who work to make it that way." And that answers anyone, anywhere, in regard to the kiddie rides, or any other division of the industry. Yes, as Jack Nelson stated, this business is settling down to greater stability and is much, much better off without the kind of people who "throw in the sponge." Art Weinand of the big Exhibit factory put it very succinctly when he said, "The kiddie ride business is the healthiest dead man in the industry."

This past week Thursday the "opponents" of the cigarette machine licensing bill were heard by the City Council's Sub-Committee headed by Alderman Daniel J. Roman. Report will probably appear in another part of this issue for it will be last second news material out of this Chicago office. . . Ralph Sheffield was up in Toronto for Genco telling about the firm's products when he received a hurry-up long distance phone call that brought him back to Chicago by plane. Advising him that Mrs. Sheffield had been rushed to the hospital for an emergency operation. The wife was following on the surgery she underwent some months ago. But, according to last reports, all were happy to hear that Mrs. Sheffield feeling much better and on her way to recovery. Art Lipton of Al Siegel's Toronto offices phoned anxiously to know how Mrs. Sheffield was getting along. That's where Ralph got the phone call . . . So London, Milwaukee, etc. in town visiting around with the many factories he represents here . . . David S. Bond and Irv Margold of Trimount, Boston, along with three salesmen of the firm also here in the Windy City this past week saying "hello" to many friends.

Mr. and Mrs. Walter A. Fratsch are back at the big A.B.T.Mfg. Corp. plant after a five months visit thruout Europe. They tell of running into Silas H. Lynch of Dallas, Tex. in Europe and thoroughly enjoying this surprise meeting . . . Sam Taran of Miami also pulled into town and made some fast visits about the trade . . . George Kozy, A.B.T.'s sales manager, reports that this "Challenger" gun now in full scale production after a few sporadic starts. And that this old standby getting plenty of orders from the field. George also hints, "Watch for something new" . . . Over at United, where they stepped up production for the third time in as many months, a night shift was added this past week. Lyn Durant trying hard to catch up with the tremendous backlog of orders the firm has on hand. In fact, like Bill DeSelm, general sales manager of United said, "We're busier than we have ever been in all our history and working harder than we ever have worked trying to satisfy everyone."

Refreshing and stimulating report from Frank Mercuri of ChiCoin who has just returned to the factory after an extensive trip that took him from the West Coast all the way to New York. Says Frank, "When I stepped off the train in Syracuse, New York, a very fine gentleman, whom I later learned was Ray Dagget, walked up to me and asked, 'Are you Frank Mercuri?'" I told him I was. But I also asked him how he knew me. And he said, "Why, I've seen your picture in 'The Cash Box' many, many times." In fact, Frank Mercuri reports, this is the same statement I got all over the country. People walked up to me and called me by name and advised me that they had seen my picture in "The Cash Box" . . . Many a Chicagoan probably read that editorial that appeared in the Chicago Daily News (Tues., Sept. 22) showing that bottle vendor and advising how the Communists were using it for propaganda . . . Harold Lieberman is becoming a regular commuter and pulled into town again this week to look around.

Ray Cunliffe, Phil Levin and all the guys of the Recorded Music Service Assn. advise that they have now moved to new quarters at 188 West Randolph Street, Room 1605. This brings the assn. into the Loop from its former southside location . . . Cliff Baileu up in Syracuse, N. Y. sending us some suggestions on The Cash Box "20 Year Club" . . . Paul Hawkins in beautiful Arizona, Ariz. advises that he is anxiously awaiting arrival of the new Rock-Ola phono . . . Sam Stern a busy busy man over at Williams Mfg. Co. with many new ideas passing over his desk. What a job that is. Trying to choose the one that'll be the hit. In the meantime, Harry Stern in the east and on his way back to the factory . . . Paul Huebsch over at Keeney advises that his new "Peanut Butter" machine is catching on with the distribut. And Roy McGinniss busier than ever talking Keeney cigarette machines. Guys like Bill By of Kansas City in town for the ciggie hearings . . . Also Ralph Emmett who represents Rowe . . . Bill FitzGerald of AMI, Inc. phones from Grand Rapids to advise that the public relations firm which is at work for AMI will be more than happy to publicize outstanding public relations work for the music trade here.

Right on the very front page of his new issue of "Bally-Who" Herb Jones comes up with a lulu, "Best way to jingle coins in your pocket is to shake a leg." And that's saying it in one short, sweet sentence . . . Rumors coming in from some areas where there have been labor layoffs that many of these people want to get into the coinbiz . . . Ron Rood of Orlando, Fla. in town . . .

CHICAGO CHATTER

Like that new Exhibit News Bulletin wherein Art Weinand gives the gossip about who's in our town as they come into our town . . . Mucho interest at this past week's meet of the Chicago Automatic Photograph Bowling League. Oomens took three from B&B with Isabel Oomens bowling 430, high for the women. Johnny Oomens coming in with a 457 and Carl Latino hanging up a score of 472. In fact, Isabel picked up a 6-7-10 pin spread. Try that sometime . . . Warren Paradee (also known as "Fireball Bunk") came thru with the high for the men, 514. Tho "Fireball" works for Gillette he bowls for B&B . . . It was a battle even tho Melody took 3 from Star Music. Vic Jacinto bowled a 493 for Melody and Hank Sochacki bowled a 477 for Star . . . With Mary Gillette present, herself, eagle-eye and all, her team came thru with 2 from Mercury Records. Leon Arczyk went overboard with a score of 511 and Donald Baxter came thru with a 475, both for Gillette . . . With Tony Galgano keeping up that steady high-scoring, 503, Western Automatic lost 3 to Paschke . . . Bob Gnarno came thru with a 444 and ABC took 3 from Atlas even tho Mike Blumberg of Atlas bowled a 477 . . . Eddy Walker shot a 491 and Decca-Coral took 2 from Coven . . . Which reminds that the hardest guy to grab hold off these days, he's so busy is Ben Coven . . . And over at O. Gottlieb & Co. with Nate and Irene Gottlieb on their way to New York for the World Series. With Alvin Gottlieb a new pappy. And with their new games going 'way over the top. There sure is plenty of excitement . . . We'll give up here, though plenty more news abustin' wide open, and tell you about the rest—next week. S'long.

EXPLORER

Operators are discovering that there's unexplored territory in the juke box business.

With the help of the new Model "E" they are finding locations which until now have foregone the profit opportunities in music.

When you want more money from your route without ranging far afield for it, call back on those "closer-to-home" spots with a new Model "E." This new, different phonograph finds many a welcome in locations once hostile to automatic music.

How To Use "The Confidential Price Lists"

[Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Confidential Price List" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists" rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.
